Embassy Makes Atrocity Charge

1,000 Executed By Reds In Hue Drive, U.S. Says

SAIGON (AP) — Communist forces executed more than 1,000 persons during the February offensive in Hue, the U.S. Embassy reported today.

The embassy made its atrocity charge as the U.S. Command reported hard fighting around Hue, the former imperial capital, and U.S. B52 bombers extended their raids into Laos to protect American troops sweeping the A Shau Valley gateway to the northern city.

The embassy said its report was based on information from allied sources and the South Vietnamese national police. It said the victims were found in 19 separate mass graves.

"Many had been shot, some beheaded," the report said. "A number of bodies showed signs of mutilation. Most were found with hands bound behind their backs.

"Evidence also was discovered of victims having been clubbed unconscious prior to being buried alive."

"Victims included Father Urbain, 52, and Father Guy, 48, French priests from the nearby Benedictine mission at Thien An," the report said. "Father Urbain was bound hand and foot and buried alive with 10 others. Father Guy was forced to kneel and shot through the head."

One Buddhist monk told investigators there had been nightly executions during the Communist occupation of the city, which U.S. and South Vietnamese forces retook after weeks of hard fighting.

Across South Vietnam from Hue, America's biggest bombers attacked North Vietnamese troop concentrations in Laos Monday and today, military sources said.

Their aim was to scatter sizable enemy forces reported just across the border from the A Shau Valley, the major North Vietnamese staging base in the northern part of South Vietnam where allied intelligence officers believe the enemy has been readying a new attack on Hue and other cities in the northern provinces.

Thousands of U.S. air cavalrymen have set up fire support stations in the 25-mile-long valley and are sweeping through it, destroying enemy bases and communications.

The U.S. Command would not comment on the reported B52 raids on Laos, its customary policy toward U.S. operations in that supposedly neutral country.

Illness Closes AF Academy, 600 Stricken

AIR FORCE ACADEMY, Colo. (AP) — Classes at the Air Force Academy and adjacent public schools were closed today because of a swift-striking illness that has hospitalized 99 cadets sicce Sunday.

More than 600 cadets, most complaising of sore throats, began reporting to academy physicians Sunday morning. Classes were suspended Monday and were to resume today until another wave of illness struck Monday night.

In a five-hour period 22 new cases required hospitalization. Some of the cadets were suffering from diarrhea, vomiting and fever.

"The organisms causing the epidemic among cadets tentatively have been identified as a strain of streptococcus," Col. Harry Green, academy hospital director, said. A team of experts from the U.S. Public Health Service National Communicable Disease Center at Fort Collins, Colo., was called in to help identify the ailmen'.

The cadets were treated with antibiotics and ordered to rest in bed. Some received intravenous injections to restore their fluid balance.

Emergency cots were arranged in the academy gymnasium after hospital facilities were overtaxed.

The disease appeared to have centered among the 3,100-man

Proposed By White House Advisers

Draft Overhaul Rejected By LBJ, Hershey Reveals

WASHINGTON (AP) — Draft chief Lewis B. Hershey says President Johnson has rejected a sweeping remodeling of the Selective Service System proposed by a White House advisory commission.

Instead, Hershey told a news conference Monday, Johnson approved later recommendations by a three-member presidential task force which included Hershey and which said the draft system should be left about as is.

Hershey said of his agency's influence on the task force: "We had the best kind of representation. We were able to sell them, to tell them, to educate them, whatever you want to call it."

Of his own participation on the task force, Hershey laughed and said he felt fortunate in "sitting on a court where I was the fellow being tried."

In February 1967 the commission—appointed seven months earlier and headed by former Assistant Atty. Gen. Burke Marshall—recommended sweeping changes in both the draft structure and its operation.

The next month, in a message to Congress, Johnson endorsed operational ideas including a youngest-first reversal of the order of induction, and a return to a kind of lottery system of selection.

But he withheld endorsement of the structural proposals: To centralize the system, replacing its 4,000 local boards with 300 to 500 area boards; to replace its 56 state and territorial headquarters with 8 regional offices; and to modernize and standardize it with mechanized data-processing.

Johnson instead appointed a task force of Hershey, then-Secretary of Defense Robert S. McNamara and then Budget Director Charles L. Schultze, to review these proposals.

Congress in June renewed and revised the basic draft law—which spells out the national-state-local structure—leaving that structure intact.

By October, Hershey said Monday, the Task Force had worked out its position: "The present system should be continued . . . We should not push the governors out of the system; it should still operate from the states, not from regional areas."

As for mechanized data-processing, Hershey said, Defense Department experts decided it would not be much use in a still-decentralized system.

Poor Voice Demands In Washington

Abernathy, Leader Of Campaign, Says Group Will Return

WASHINGTON (AP) — The demands were strong, and they were voiced in blunt and angry words to top government officials. But the poor people who brought them to Washington made it clear they still expect a summer-long confrontation with their government.

"We will be back in 10 days," promised The Rev. Ralph Abernathy, leader of the Poor People's Campaign, at every stop. "We will be back for their answer, not 130 strong but 3,000 to 5,000 strong."

"We are going to back up our words with the most militant nonviolent direct action in this country's history," he added.

Abernathy repeatedly used "beautiful" Monday to describe the day, even though meetings ran hours behind schedule and the 130 advance troops never did keep appointments with some top officials—like Secretary of State Dean Rusk.

Emphasis was on the poor of varied ethnic groups from all parts of the nation—Negro, Indian, Mexican-American and white—coming together to say, in the words of one participant, "we're going to find a way to make these people do what they should do. . .we're tired of living the way we been living. . ."

And while campaign leaders promised over and over again they would start no violence in Washington, many of the participants indicated they might not abide by the same rules back in their home towns.

"We are not coming to Washington again," New York's Manuel Ortiz, a Puerto Rican, told Secretary of Agriculture Orville L. Freeman. "This is the last time. If our demands aren't met, we will stay in those ghettoes and tear them down brick by brick."

Specific demands, ranging from better Justice Department enforcement of existing laws to an overhaul of the Agriculture Department's food stamp and land retirement programs were given in person to Freeman, Secretary of Labor W. Willard Wirtz, Atty. Gen. Ramsey Clark and acting antipoverty chief Bertrand M. Harding.

Angry shouts followed by bursts of applause rose from behind doors closed to newsmen. "It's beautiful," said Jackson, Miss., attorney Marian Wright. "They're getting up and telling it like it is."

Doing that meant meetings that ran hours past deadline, a

Not Calling It Heart Attack, Aide Says

Eisenhower Hospitalized With 'Chest Discomfort'

MARCH AIR FORCE BASE, Calif. (AP) — Former President Dwight D. Eisenhower, suffering "some chest discomfort," was flown to the March Air Force Base hospital Monday night for treatment.

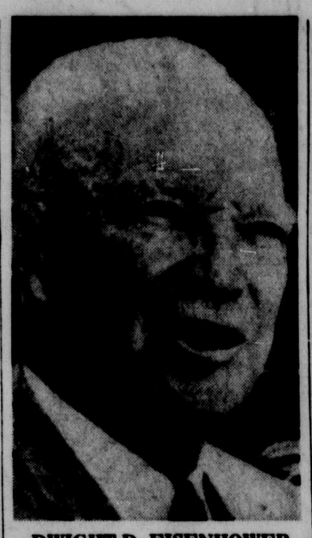
"We are not calling this a heart attack," his military aide said.

The 77-year-old general played golf Monday at Palm Springs, near his winter home, but a short time later called in his personal physician. The temperature at Palm Beach reached 100 during the day.

Several hours later, two Army helicopters landed on fairway 11 in front of Eisenhower's home on the Eldorado Country Club course in Palm Desert, near Palm Springs. Twenty minutes later, Eisenhower was being carried into the hospital on a stretcher.

His aide, Brig. Gen. Robert Schulz, issued this statement later:

"Some chest discomfort was noted earlier today. The doctors all feel it best for a period of medical observation and bed rest."



DWIGHT D. EISENHOWER

A source close to Eisenhower said the former president had been "pretty busy the last couple of days, and he apparently overextended himself. The activity and the heat seemed to have tired him."

Eisenhower's wife, Mamie, stayed at their winter home. The couple has planned to leave May 6 for their farm at Gettysburg, Pa.

Although Eisenhower has been generally healthy and vigorous, he has suffered a series of illnesses since 1955.

He suffered a heart attack in 1955 while president, an attack of ileitis, an intestinal blockage, in 1956 and another heart attack in 1965. In 1957 he had a mild stroke. In 1966 his gall bladder was removed.

2 Diplomatic Exchanges In 3 Days

U.S. Officials See Accord With Hanoi On Talk Site

WASHINGTON (AP) — U.S. officials voice confidence that agreement will be reached with North Vietnam on where to talk peace but Hanoi says Washington dreamed up a story about preliminary contacts in Laos.

State Department press officer Robert J. McCloskey said Monday there were two diplomatic exchanges in three days last weekend between U.S. and North Vietnamese representatives in Vientiane, Laos, adding no agreement was reached on a peace-talk site.

But the North Vietnamese Foreign Ministry said the United States "cooked up the story about 'private discussions' being continued in Vientiane" and renewed its charge the Johnson administration is delaying preliminary contacts with "artful maneuvers."

Hanoi's official Vietnam News Agency, in a broadcast monitored in Tokyo, said the story about Vientiane talks came from Assistant Secretary of State William P. Bundy and was fabricated "to soothe strong public obloquy against the obduracy of the U.S. government."

But despite that reaction from the Communist capital, diplomatic sources said they are encouraged by what they called the quickening pace of exchanges in Vientiane between U.S. Ambassador William Sullivan and North Vietnam's charge d'affaires, Nguyen Chan.

These sources said the Sullivan-Chan meetings would continue, adding that Vientiane is now the main contact point for Washington and Hanoi.

The two sides have rejected numerous suggestions for where to hold the peace talks with diplomatic speculation centered on Paris as the eventual site.

Sen. Vance Hartke, D-Ind., a critic of U.S. policy in Vietnam, said today "warhawks" are in charge at the White House and State Department and are delaying preliminary peace talks.

Referring to Secretary of State Dean Rusk, Hartke said the crucial issue is whether he "will manage to place enough roadblocks in the way to derail the peace talks indefinitely."

"The warhawks at State and in the White House are still in charge despite the President's announcement that we would meet with Hanoi anyplace and anytime, Hartke said in prepared remarks at Fort Wayne, Ind.

He called the arguments over a site for talks "diplomatic nonsense.'

End Week-Long Sit-In

Police Remove Militant Students At Columbia U.

NEW YORK (AP) — Police moved in force onto the Columbia University campus at the administration's request early today and systematically removed rebellious student demonstrators from five campus buildings to end a week-long sit-in.

In a coordinated effort which began about 2:45 a.m., police cleared the five buildings in about 75 minutes. Some of the demonstrators were wounded, most cut around the head and face.

Police reported 410 persons arrested, 75 of them women.

During the police sweep a crowd of nearly 2,000 persons gathered on the Ivy League campus overlooking Harlem. The bystanders clashed with police after the last of the demonstrators had been taken away.

Police used nightsticks freely in breaking up the large crowd and moving it off campus. Mounted police rode into the surging mass.

Dan Pellegrin, president of the student council, announced to a crowd near the library that he was calling a student strike starting today.

There was no immediate announcement on when classes would resume.

Police Commissioner Howard R. Leary told newsmen the university had asked police to mobilize about midnight. He said he had witnessed the eviction operation and added the police had done "an excellent job."

By 5:30 a.m. the large crowd had broken up and students stood around in small clusters discussing the night's activities. At one point many on the campus chanted: "Kirk must go, Kirk must go" referring to university President Grayson Kirk.

Earlier Kirk had offered a four-point proposal to resolve the deadlock saying he would accept a student-faculty-administration committee to act as a court of appeals for any punishment meted out to the protesters.

The sit-in by 500 to 600 demonstrators began in protest over construction of a controversial

Humphrey's Endorsed By Gov. Smith

CHARLESTON (AP) — It was a busy day for Gov. Hulett C. Smith. During a press conference Monday he (1) endorsed Vice President Hubert H. Humphrey for president, (2) said he may call a special session of the legislature "after the first of June," and (3) indicated a tax increase may be in the offing.

Calling Humphrey "the only man running for president of the United States who can bring unity to this country," Smith predicted a state delegation to the national democratic convention will be composed of 26 supporters of Humphrey, "eight to 10 for Sen. Robert Kennedy and two to four for Sen. Eugene McCarthy."

"It is obvious to me," said Smith, "that one man stands out above all others—that one man possesses the ability, the knowledge, the experience, the maturity and the respect to unify the nation today — and that man is Hubert H. Humphrey."

The governor said the special legislative session, if it were called, would deal with an estimated $1.5 million to $7 million needed by the state welfare de-

Challenges Nixon For Nomination

Gives GOP Choice Of Candidates And Programs, He Says

ALBANY, N.Y. (AP) — Gov. Nelson A. Rockefeller declared himself an active candidate for the Republican presidential nomination today, saying he did so to "give our party a choice of candidates and of programs."

"I have become convinced that the party wishes to have such a choice," Rockefeller said in arraying himself openly against the White House bid of Richard M. Nixon.

The 59-year-old governor thus abandoned the "available" posture he had taken only 40 days ago and plunged directly into an all-out contest for his party's nomination.

He revealed his switch in strategy in a telegram to a group of supporters in Vermont. It became known shortly before Rockefeller was to go before a nationally televised news conference to tell his new political plans.

Rockefeller said he would "campaign as vigorously as I know how on the grave issues facing our country." And he said he would present his candidacy "within a framework of party unity."

This statement indicated what Rockefeller intimates had said before his formal announcement —that he would accentuate the positive aspects of his own credentials and avoid criticism of Nixon, his only major rival for the nomination.

While Rockefeller aides sought to preserve an illusion of suspense in today's activities, the stage was set carefully for a formal declaration of candidacy.

Privately they conceded there could be no other reason for encouraging national political reporters end the major television networks to come to the New York capital other than to hear the governor declare his presidential candidacy.

A variety of Republican leaders were invited to the capital to lend the approval of their presence to the proceedings.

Among them were U.S. Sen. Thruston B. Morton of Kentucky, former U.S. Rep. William E. Miller, the GOP's 1964 vice presidential candidate, and U.S. Sen. Hugh Scott of Pennsylvania. All are former Republican national chairmen.

Miller and Morton went on tour across the nation last week to drum up support for a Rockefeller candidacy. They reported their findings to Rockefeller over the weekend and urged him to plunge into the race.

Today's announcement was timed also to coincide with the governor's major ventures on the national speech-making circuit.

These sources said the Sullivan-Chan meetings would continue, adding that Vientiane is now the main contact point for Washington and Hanoi.

The two sides have rejected numerous suggestions for where to hold the peace talks with diplomatic speculation centered on Paris as the eventual site.

Sen. Vance Hartke, D-Ind., a critic of U.S. policy in Vietnam, said today "warhawks" are in charge at the White House and State Department and are delaying preliminary peace talks.

Referring to Secretary of State Dean Rusk, Hartke said the crucial issue is whether he "will manage to place enough roadblocks in the way to derail the peace talks indefinitely."

"The warhawks at State and in the White House are still in charge despite the President's announcement that we would meet with Hanoi anyplace and anytime, Hartke said in prepared remarks at Fort Wayne, Ind.

He called the arguments over a site for talks "diplomatic nonsense.'

End Week-Long Sit-In

Police Remove Militant Students At Columbia U.

NEW YORK (AP) — Police moved in force onto the Columbia University campus at the administration's request early today and systematically removed rebellious student demonstrators from five campus buildings to end a week-long sit-in.

In a coordinated effort which began about 2:45 a.m., police cleared the five buildings in about 75 minutes. Some of the demonstrators were wounded, most cut around the head and face.

Police reported 410 persons arrested, 75 of them women.

During the police sweep a crowd of nearly 2,000 persons gathered on the Ivy League campus overlooking Harlem. The bystanders clashed with police after the last of the demonstrators had been taken away.

Police used nightsticks freely in breaking up the large crowd and moving it off campus. Mounted police rode into the surging mass.

Dan Pellegrin, president of the student council, announced to a crowd near the library that he was calling a student strike starting today.

There was no immediate announcement on when classes would resume.

Police Commissioner Howard R. Leary told newsmen the university had asked police to mobilize about midnight. He said he had witnessed the eviction operation and added the police had done "an excellent job."

By 5:30 a.m. the large crowd had broken up and students stood around in small clusters discussing the night's activities. At one point many on the campus chanted: "Kirk must go, Kirk must go" referring to university President Grayson Kirk.

Earlier Kirk had offered a four-point proposal to resolve the deadlock saying he would accept a student-faculty-administration committee to act as a court of appeals for any punishment meted out to the protesters.

The sit-in by 500 to 600 demonstrators began in protest over construction of a controversial

Humphrey's Endorsed By Gov. Smith

CHARLESTON (AP) — It was a busy day for Gov. Hulett C. Smith. During a press conference Monday he (1) endorsed Vice President Hubert H. Humphrey for president, (2) said he may call a special session of the legislature "after the first of June," and (3) indicated a tax increase may be in the offing.

Calling Humphrey "the only man running for president of the United States who can bring unity to this country," Smith predicted a state delegation to the national democratic convention will be composed of 26 supporters of Humphrey, "eight to 10 for Sen. Robert Kennedy and two to four for Sen. Eugene McCarthy."

"It is obvious to me," said Smith, "that one man stands out above all others—that one man possesses the ability, the knowledge, the experience, the maturity and the respect to unify the nation today — and that man is Hubert H. Humphrey."

The governor said the special legislative session, if it were called, would deal with an estimated $1.5 million to $7 million needed by the state welfare de-

William Craven Jr. of 1716 Commerce St. was treated at City Hospital for abrasions of the knees and left shoulder following the mishap at 5:30 p.m.

Wellsville police said the boy's bike came from the curb and ran into the side of a car operated by Gordon Akey of Southington, Ohio.

Wellsville police also investigated a two-car mishap on Chester Ave. which happened about the same time.

Officers said slight damage resulted when a car operated by Paul L. Wright of 7 Lincoln St., Salineville, backed from the Post Office parking lot into a car westbound on 11th St.

Police Chief Gordon Sweeney said he also investigated a mishap Saturday in which a small girl was struck by a car on East Main St.

Mary Sergeuk, 6, daughter of Jacob Serguek of 614 Water St., ran in front of a car near the east end bridge, Sweeney reported.

The car, operated by Thomas Parsons, 17, of 197 W. Main St., was nearly halted when the girl was hit, Sweeney said.

City Hospital officials reported an examination showed the child was not injured.

Q.—How can I mend broken marble?

A.—With a stiff paste of Portland cement and water. Clean the broken edges of the marble thoroughly, apply the cement-paste to both edges, press together tightly, and tie in place until set.

Q.—How can I impart a faint, lingering smell of violets to my handkerchiefs?

A.—By breaking up ¼-ounce of orris root into a muslin bag, and putting into the boiler for a short time when boiling your hankies.

Q.—How can I make the slicing of butter or marjarine into neat squares much easier?

A.—Fold the paper in which the butter comes over the blade of your knife and cut with this. It will make a smooth slice, and the butter will not cling to your knife.

Lausche, Saxbe For Senate

Perhaps the most spirited race in the May 7 primary and certainly the one which has generated the most interest is that for the Democratic nomination for U. S. senator between Frank J. Lausche of Cleveland, the incumbent, and John J. Gilligan of Cincinnati.

The battle lines were drawn sharply when the Democratic State Committee, in a move that was unusual if not unprecedented, turned its back on Sen. Lausche and gave its endorsement to Mr. Gilligan.

Sen. Lausche, Ohio's only five-term governor, is seeking his third six-year term in the U. S. Senate and is asking re-election on the basis of his long and distinguished record in public office.

WE ENDORSE THAT RECORD and enthusiastically recommend his renomination.

Sen. Lausche is a man of independent thought and action and firm conviction. He has faced issues honestly and courageously and has been more a statesman than a politician, even from the earliest days of his political life.

His performance, needless to say, has not pleased organized labor, and the Ohio AFL-CIO has dedicated its energies and some of its treasure to his defeat.

Labor leadership has opposed Sen. Lausche before with something less than significant success, and we predict it will suffer the same fate once again despite the intensity of its campaign to unseat him.

His opponent, a Cincinnati councilman and former one-term congressman, is campaigning on a promise of performing like a "real Democrat," which we are led to believe would closely resemble a rubber stamp.

We firmly believe Sen. Lausche will survive the vitriolic assault leveled against him and will receive, as he has in the past, the loyal support of the rank and file of Ohio Democrats.

Republican Race

While there is a three-way race for the Republican nomination for U.S. senator, the contest on this ticket is not nearly as spirited because William B. Saxbe of Mechanicsburg is the odds-on favorite.

He currently is serving his third term as Ohio's attorney general, and his credentials for nomination to the Senate are clearly superior to those of his two opponents, William L. White of Mount Vernon and Albert E. Payne of Springfield.

MR. SAXBE BEGAN his political career in 1947 as a state representative from his native Champaign County. He served four terms and was majority floor leader in 1951-52 and House speaker in 1953-54.

This year's bid will be his second for the Senate nomination. His first, in 1954, failed when he lost to George Bender.

The attorney general is a highly competent public official whose qualifications and experience in the legislative arena place him head and shoulders above his opponents.

He has our unqualified endorsement.

Virus Hits Bermuda

One might almost suspect that the virus which has stricken the world, manifesting itself through its symptoms — arson, rioting and looting — is air-borne.

For the latest outbreak of the malady has occurred in a nearby island colony, Bermuda, where a state of emergency has been proclaimed in the wake of continuing rioting and arson.

Predominantly Negro gangs have terrorized the colony, sending U.S. and other tourists fleeing. Some 30,000 of the island's 48,000 residents are nonwhite.

Poverty, immigration policies and other causes of the current uprisings have existed in Bermuda, as elsewhere, for quite some time, making the colony ripe for attack by the virus which is striking worldwide.

Some elements of the virus may, indeed, be transmitted through the air (via radio and television), but basically it is man-transported from one country to another by the printed page and by word of mouth.

Student Minorities Need Discipline

The thing that disturbs us about student demonstrations, protests, sit-ins, riots and strong-arm seizure of campus buildings is the complete capitulation of university officials to such fragmented segments of the whole student body.

One would think from the way administrators run for cover and hoist the white flag of surrender that they had been set upon by a united front of student protesters and troublemakers.

THE MOST RECENT EXAMPLE is the trouble which erupted on the Ohio State University campus, where a small fraction of one per cent of the student body broke into the administraton building to voice protests for what they claimed was mistreatment of four Negro coeds by a campus bus driver and campus police.

We have no way of knowing whether the allegations of the militant students were justified, but we do know there are orderly ways of bringing grievances to the attention of university administrators and they do not include forcing entry into a building and showing enough muscle to make their victims cringe in fear.

Instead of demanding retreat from the administration building before considering the basis for any student complaints, the university capitulated and agreed to meet five of the dissidents' demands.

We do not condone mistreatment of any group of students on campus for whatever reason, and if the people charged with such mistreatment are found, upon investigation, to be guilty, they should be dealt with firmly.

The university also agreed to set up by May 15 an office to deal with the problems of Negro students and generally to "expand efforts to insure that black students' do not face unique problems because of their race.

If there were need for such an office, and we would wish that there weren't, it should have been set up long ago and not under the threat of violence and blackmail, such as was evident in the holding of some university officials as hostages.

IN OUR JUDGMENT, there is altogether too much premissivness and capitulation on college campuses. What is needed is more discipline and greater respect for authority, which in our obviously old-fashioned way of thinking should be vested in the board of trustees and the administration with advice and counsel of the faculty.

There is no way of knowing for sure what agitates a small minority of any student body into such violent action, except that they feel that they can get away with it without fear of recrimination or prejudice to their student status.

As a matter of fact, student status is of no concern to the most violent among them. They are not students at all — just agitators bent upon inflaming as much campus discontent as possible.

Those who are interested in an education only on their own terms or who have no interests at all in the educational processes should be thrown off campus. We wonder how long taxpayers will tolerate the nonsense that has made a mockery of higher education on state university campuses in recent months.

U.S. And U.S.S.R. Pull Together

Two nations which almost never see eye to eye diplomatically actually are teamed in an effort to win support for a ban on the spread of nuclear weapons.

The United States and the Soviet Union are working side by side in the United Nations to persuade yet unconvinced nations to join them in approving the nonproliferation treaty.

Spokesmen for the two giant nuclear powers made speeches recommending adoption of the treaty as debate began before the General Assembly's main political committee. Both U.S. Ambassador Arthur J. Goldberg and Soviet First Deputy Foreign Minister Vasily V. Kuznetsov stressed the value of the treaty to all of mankind and both have called for speed in adopting it.

It would seem to be a mutuality of interest that has brought the two world powers together. If their joint effort is successful, perhaps it will lead to other cooperative endeavors.

The rest of the world would do well to hope so.

Goodcheer's Finest

By Art Buchwald

WASHINGTON — It was bound to happen. The students of Goodcheer University, after having attained all their goals, had nothing more to demonstrate about. They called a mass meeting on the quadrangle in front of the administration building.

Art Buchwald

"Students," yelled Hardin Helrazor, "we have run out of demands. The administration has given in to our every wish, and if we don't come up with something soon, we may have to go back to classes."

Loud booing.

"Why can't we demand that boys and girls live in the same rooms?" a student shouted.

"They can, stupid," another student shouted. "We got that privilege when we locked up the football coach for three days in the shower room."

"WHY DON'T WE DEMAND that no teacher can be hired without first going through a year of hazing at one of the fraternities?" another student said.

"Idiot, that was put through after we burned down the science building," Helrazor said.

"Oh, I thought we burned down the science building because they wouldn't give us a coffee break during tests."

"No, we got the coffee break after we kidnaped the dean of men."

"Come on, students, don't just stand there with your tongues sticking out," Helrazor said. "There must be something we want that they haven't given us."

"What about parking space?" a coed cried. "We don't have enough parking space."

"We got them to tear down the medical school to give us more parking space," Helrazor said. "It would be hard to go back to them again with that one."

"Free love in the library," someone shouted.

"We're allowed to have free love in the library now."

"Yeh, but you have to show your student union card. If it's free, it should be free for nonstudents as well as students."

"Let's kidnap the dean of the law school, and let them come up with some ideas," a bearded youth yelled.

"Yeh," his companion shouted. "Why should we have to think up our demands all the time? The school has a responsibility to make some up for us."

Loud cheering.

HELRAZOR SAID, "That's playing the administration's game. They'd love to think up students demands they could give in to. But what kind of demonstration is that? I say this time we have to go for broke. They've got to believe we mean business. Otherwise, they have us back in those classes studying all that garbage. Is that what we came to college fore?"

Chorus: "No!"

"I've got it. I've got it. Let's hold a demonstration protesting the fact that the administration has given in to all our demands," a student said.

"They're patronizing us."

"They've taken our pride away from us."

Muttering from the crowd.

"We're sick and tired of living in a permissive society."

Helrazor tried to restore order. "It may work. We'll lock the dean of women in the drama department and won't let her out unless the university takes disciplinary action against us. We want our manhood back."

"IF THEY GIVE US an amnesty, we'll tear the faculty club apart."

After the dean of women was held for four days, the administration of Goodcheer University finally gave in and agreed to punish all the troublemakers in the school.

It was the demonstrators' finest hour. Goodcheer has been served notice that if, in the future, they refuse to discipline any student for an infraction, the student union will be burned to the ground.

Letter To The Editor

EDITOR OF THE REVIEW:

I have read with disgust for the last two months about the way Ohio state and local laws and leaders in my opinion have been coddling wife killers.

There have been three men from the area, of which one was sentenced to death only to have that sentence commuted to life in prison, to be eligible for parole in 20 years. The other two received life sentences and will be eligible for parole in 10 years.

I am not for, nor against, capital punishment, but I do say if they are sentenced to life in prison, they should be made to stay there for life. Their victims aren't going to be able to come back in ten years and start life anew.

If these men wanted to kill, they should have gone to Vietnam where the odds are a little different. Most of them have guns to defend themselves, but these wives didn't. I see no reason to have a long trial and a lot of taxpayers' money spent only to have the Governor step in and change it to his own liking.

I think it is an insult to the integrity of the Prosecuting Attorney. He pleads and wins his case and the Governor revises it with a mere phone call or a swish of his pen, and all the time and money spent on the trial goes down the drain. If the Governor has so much concern for human life, why doesn't he do something about replacing the Chester Bridge where a lot of human lives could be lost if the bridge should fall?

These killers chose to do wrong and be put in prison, but the people who have to travel over the Chester Bridge every day have no choice. They have to cross the bridge to get to their jobs.

It seems these days the criminal is protected. They get tired of working, and tired of their wives, and go to prison for ten years or less and get three meals a day and a bed to sleep in—all provided for by the public who are hard-working people. And that includes the soldiers who pay taxes.

The soldiers don't always have three meals in day, and when they get a chance to sleep, it is in a mudhole or against a sandbag for a pillow.

No wonder there is so much violence in the world today. The troublemakers are many and the law seems to be on their side. They can riot and kill and when a policeman steps in to control them, they yell police brutality. It seems a policeman has to stand and be spat upon and kicked and stoned and can do nothing about it.

Our country is falling fast. It brings to mind a statement made by the Russian premier Nikita Khrushchev when he said, "We will bury you." Oh how wrong he was. It is our own federal, state and local government that is burying us.

No Bystander

Although no intimation has come from the White House, it would not be surprising if President Johnson makes the opening address at the Democratic national convention in Chicago in August.

Without endorsing any of the candidates for the nomination, he could readily delineate what the nominee should stand for as a forthright defender of the Democratic administration of the last four years.

It is not illogical for Mr. Johnson to argue that whoever is nominated should be in a position to endorse the acts of the administration in both international and domestic affairs. In fact, he told a group of aides to Democratic congressmen, at a meeting last Thursday, that he wouldn't be an "uninterested bystander" during the coming campaign because "the record of this administration" must be defended.

THE THEORY IS, of course, that, since Republicans will do plenty of attacking anyhow, it would not be wise for the Democratic nominee to spend time criticizing what the head of his own party has done.

Two of the aspirants, however, for the Democratic presidential nomination — Sen. Robert Kennedy and Eugene McCarthy — have made many speeches deploring certain phases of administration policy.

Mr. Johnson wouldn't have to mention any names in his address to the convention, as the delegates would be well aware that Vice President Hubert Humphrey has not been among the critics but has upheld the administration viewpoint throughout.

President Johnson feels that he and his associates have a good record. Hence, it is natural for him to believe that the Democratic national convention would be making a mistake if it did sot formally vote approval of what has been accomplished.

While the Vietnam War issue has caused most of the dissension within the party, the President may, by next August, have gotten peace negotiations started — a circumstance which could certainly alleviate some of the criticism of his policies.

If the contest for the presidential nomination appears to be close, a speech by Mr. Johnson at the convention might be enough to tip the scales in favor of Vice President Humphrey. For many of the uncommitted delegates might be persuaded by the argument that the party could hardly go before the people with a lukewarm attitude toward the Democratic administration's policies.

Mr. Johnson doubtless would urge, therefore, that the nominee must be someone who wholeheartedly supports the performance of the present administration.

The President's speech at a fund-raising dinner in Chicago last Wednesday night gives a hint of his position. He made a few jibes, some jocular and some serious, toward Sens. Kennedy and McCarthy. It was an indication that the topic of party unity at least has not been banned for discussion by him in the next several weeks.

Mr. Johnson, in his speech, made what appeared to be a veiled reference to the attempts of some of the candidates to appeal to youth groups. He said that no nation can long endure when citizen is turned against citizen and "generation against generation by the mean and selfish spirit of partisanship."

Presumably the emphasis during the campaign will be on domestic issues. While the President may not wish to discuss the Vietnam situation, there will be widespread interest in his exposition of what might be done to solve the problem of domestic disorders and why he thinks a Democratic president would be better able to get results than a Republican.

REUNUNCIATION OF another term is not being taken to mean that Mr. Johnson has removed himself from political debate. His support could be very helpful to the party nominee and, if withheld, could be a handicap to the man whom his party chooses at the convention.

Certainly a president who could himself have been renominated but forsook public office in order to be able to handle the international situation without regard to politics becomes an influential figure in national politics, especially among independent voters.

So, while it may be unprecedented for an incumbent president to make the opening address at a nominating convention, this contingency for the August 1968 gathering is not being crossed off by the politicians.

It is not illogical for Mr. Johnson to argue that whoever is nominated should be in a position to endorse the acts of the administration in both international and domestic affairs. In fact, he told a group of aides to Democratic congressmen, at a meeting last Thursday, that he wouldn't be an "uninterested bystander" during the coming campaign because "the record of this administration" must be defended.

THE THEORY IS, of course, that, since Republicans will do plenty of attacking anyhow, it would not be wise for the Democratic nominee to spend time criticizing what the head of his own party has done.

Two of the aspirants, however, for the Democratic presidential nomination — Sen. Robert Kennedy and Eugene McCarthy — have made many speeches deploring certain phases of administration policy.

Mr. Johnson wouldn't have to mention any names in his address to the convention, as the delegates would be well aware that Vice President Hubert Humphrey has not been among the critics but has upheld the administration viewpoint throughout.

President Johnson feels that he and his associates have a good record. Hence, it is natural for him to believe that the Democratic national convention would be making a mistake if it did sot formally vote approval of what has been accomplished.

While the Vietnam War issue has caused most of the dissension within the party, the President may, by next August, have gotten peace negotiations started — a circumstance which could certainly alleviate some of the criticism of his policies.

If the contest for the presidential nomination appears to be close, a speech by Mr. Johnson at the convention might be enough to tip the scales in favor of Vice President Humphrey. For many of the uncommitted delegates might be persuaded by the argument that the party could hardly go before the people with a lukewarm attitude toward the Democratic administration's policies.

Mr. Johnson doubtless would urge, therefore, that the nominee must be someone who wholeheartedly supports the performance of the present administration.

The President's speech at a fund-raising dinner in Chicago last Wednesday night gives a hint of his position. He made a few jibes, some jocular and some serious, toward Sens. Kennedy and McCarthy. It was an indication that the topic of party unity at least has not been banned for discussion by him in the next several weeks.

Mr. Johnson, in his speech, made what appeared to be a veiled reference to the attempts of some of the candidates to appeal to youth groups. He said that no nation can long endure when citizen is turned against citizen and "generation against generation by the mean and selfish spirit of partisanship."

Presumably the emphasis during the campaign will be on domestic issues. While the President may not wish to discuss the Vietnam situation, there will be widespread interest in his exposition of what might be done to solve the problem of domestic disorders and why he thinks a Democratic president would be better able to get results than a Republican.

REUNUNCIATION OF another term is not being taken to mean that Mr. Johnson has removed himself from political debate. His support could be very helpful to the party nominee and, if withheld, could be a handicap to the man whom his party chooses at the convention.

Certainly a president who could himself have been renominated but forsook public office in order to be able to handle the international situation without regard to politics becomes an influential figure in national politics, especially among independent voters.

So, while it may be unprecedented for an incumbent president to make the opening address at a nominating convention, this contingency for the August 1968 gathering is not being crossed off by the politicians.

Judge Chertoff issued a bench warrant for the arrest of Edwin M. Deiderick of Ridgeview Dr., Oakmont, East Liverpool RD 1, after he failed to appear on a speeding charge. He was cited by officers on St. Clair Ave. yesterday afternoon about 12:03 p. m. for driving 54 miles an hour in a 35-mile zone.

A warrant for the arrest of Robert Fraser by his wife, Maude, was issued after the woman told Judge Chertoff she fears bodily harm. In a little-used section of the Ohio Revised Code, Solicitor J. Michael Kapp asked that the man be summoned into court to determine if he should be placed under a peace bond.

An assault and battery case lodged against Glen Miller by his wife, Louise Miller, was dismissed at the request of the parties involved.

They were identified as Charles Minor, 22, Lewisburg, being held for assault, and Herbert Crouder, 33, Hamilton, being held for larceny and parole violation.

Al, Bill and Carl organized a car pool for their convenience in getting to and from the factory. The arrangement worked well, each man taking his turn driving his own automobile. No one paid any money for riding with the other drivers.

One afternoon, as Carl took his turn driving, the car was involved in an accident. Carl was in a hurry to get home and was going a little faster than the speed limit. The road was slippery from a recent rain shower and the car skidded into a ditch.

All three of the men were shaken up in the crash and Al suffered severe face cuts.

"Carl, I'm going to sue you for this," Al exclaimed. "I'll lose work time and money in doctor bills."

CAN AL SUE under such circumstances?

Yes, said an Ohio court. Ordinarily, under the so - called "guest statute," a driver is not liable for injuries to any guest who is not a paying passenger unless the injuries were caused by wanton misconduct of the driver.

Carl argued that since Al was not a paying passenger that he could not be held liable for Al's injuries.

The court ruled otherwise. It said that in a car pool when the parties furnish transportation for each other, they exchange valuable services. Therefore, the court ruled, these persons are actually paying passengers even though they are not paying cash.

So, in this instance, the "guest statute" does not prevent Al from recovering damages.

Control of early American highways was given to the individual states, which levied tolls for their maintenance. Toll houses were equipped with long pikes to stop travelers for the collection of tolls and, after collecting the fees, the gatekeeer turned the pike. The roads thus came to be called "turnpikes."

The allied expectations of new attacks on Hue were heightened by three sharp actions Monday in which U.S. Marines and South Vietnamese infantrymen smashed three enemy forces menacing the old imperial city as well as a vital allied supply line in the northern provinces.

The allies reported a total of 378 enemy troops killed, and light casualties of their own, in the three battles near the old imperial capital and along the main highway running north to the outposts below the demilitarized zone.

The U.S. Command's security restrictions continued to prevent publication of any information on the past week's developments in the invasion of the A Shau Valley southwest of Hue, but the command did announce that 174 North Vietnamese had been killed in the operation's first three days, April 19-21.

U.S. casualties in that period were 19 killed and 135 wounded, the command said. The Americans also reported capturing six suspects, 246 individual weapons and 10 crew-served weapons in the valley, the main infiltration and supply route to the estimated 15 to 20 North Vietnamese battalions around Hue.

In air strikes Monday, Air Force F101 Thunderchiefs and F4 Phantoms blasted communication and military storage area in the southern panhandle of North Vietnam. Pilots said they destroyed or damaged two barges, three supply boats, an antiaircraft site, and a highway bridge.

Man Handed 5-18 Years In Gun Death

WELLSBURG, W. Va. (AP) — Charles Ravnell, 32, of Campbell, Ohio, was sentenced to 5 to 18 years in prison Monday after pleading guilty to a second-degree murder charge.

Ravnell originally was charged with first-degree murder in the fatal shooting of Weirton restaurateur Charles L. Nagy, but Brooke County Circuit Court Judge Ralph Pryor allowed him to plead guilty to the lesser charge.

Nagy was gunned down on a Weirton street last Sept. 27. Police said a considerable amount of money being carried by Nagy was found near the body.

Ruling Due In 2 Weeks On Annexation Proposal

LISBON — Columbiana County Commissioners will give an answer to a Columbiana annexation petition in about two weeks.

Most of the landowners in a 340-acre territory east of the village are in favor of joining "The biggest little town in Ohio," fast approaching the 5,000 population which will give it city status.

The 69-name petition was the subject of a public hearing held Monday by the Commissioners in the Lisbon Village Hall. Fifty attended.

Charles J. Gause, chairman of the Commissioners, presided. Ten spoke in favor of the annexation, and seven stated their objections. Gause gave counsel until May 10 to file briefs, and said a decision will be announced soon thereafter. Commissioners viewed the annexation area March 25.

Lawrence W. Stacey of Columbiana, counsel for the petitioners, outlined reasons for the annexation.

Businesses and homes relate closely to the village, he said, and except for the boundary line marker "One would think this is a part of Columbiana."

—:—

HE REFERRED to the long-standing sewage problem east of town, and said annexation would be a step toward solving it. He said Columbiana has the facilities to handle sewage from this area and also to supply it with water.

The entire area "has been historically an integral part of Columbiana — part of the cemetery and Firestone Park are in the area proposed for annexation". Stacey said South Side School is also in the area and desires to be inside the village limits.

Stacey said the village has taken "A rather firm position" that there will be no extension of utilities outside the village limits. He mentioned a trailer court being developed in the area, and said it was the rallying point for the petitioners who have been considering annexation for some time.

"The people in the area thought they would like the facilities afforded by the village —not just the utilities, but also police protection which now comes only from the Sheriff's Department at Lisbon and, with the addition of water, lower rates for fire insurance," Stacey said.

—:—

JACK BECK, Lisbon attorney and Columbiana solicitor, said the village is willing to accept the territory if the commissioners grant the petition.

Wayne Paulson, publisher of the Columbiana Ledger, read a letter from Dr. Daniel Salchow, Chamber president, stating the need for more land for future development.

D. W. Bailey, superintendent of schools, said the administration and board of education are interested in getting police protection. "We are quite a distance from Lisbon in event of an emergency at a public gathering in South Side School," he said. "We understand there would be a 25 per cent reduction in water rates for our schools.

William B. Moore Jr., a Lisbon attorney, spoke on behalf of several of the opponents. He said George Robertson and Vernon Corl between them own more than one - half the acreage east of the half-section line. "They farm and have only a fixed income," Moore said, "and increased taxes, if the annexation goes through, would cost them more than the benefits are worth. They are willing to do without any of the benefits."

Moore also mentioned Mr. and Mrs. Wilbur Garrod who operate the Whispering Pines Golf Course. "If the annexation is approved," Moore continued, "the next step will be to zone this area residential then these people will have to go and oppose this type of zoning and, if unsuccessful, it will limit the use to which this land can be put. This substantially reduces the value of their properties," he added.

Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N.Y. (Special): Science has found a medication with the ability, in most cases — to promptly stop itching, relieve pain and actually shrink hemorrhoids.

Tests by doctors proved that in case after case, while gently relieving pain, actual reduction of the inflamed hemorrhoids took place.

The secret is Preparation H®. There's no other formula like it! Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

HOW MUCH DOES ELECTRIC HEAT REALLY COST?

3 GASSES!

Okay, so it's a terrible pun! But then, three times the cost of Gas is a terrible price to have to pay to heat your home! Even then, it might be worth it if electric heat were three times as good as Gas heat, or three times as convenient, or even three times as warm . . .

But it isn't. It's simply about three times as expensive.

And what do you get for this extra charge of electricity? Cold basements for one thing. Cold floors, for another. And you get that "bottled-up" feeling that comes with non-circulating, warmed-over air, day after day. Of course, you get the fun of playing "thermostat roulette." Any number can play. Just turn off the heat in every room as you leave it. This conserves that precious heat and keeps your heating bill down to about three times the cost of Gas heat.

You'll get a charge out of electric heat, all right . . . every month! But, if you're like most people, you heat your home . . . all of it . . . with fresh-air Gas heat. That makes you eligible to play another game. It's called—Think of all the things you can do with the money you save with Gas! Everybody wins.

Ruling Due In 2 Weeks On Annexation Proposal

LISBON — Columbiana County Commissioners will give an answer to a Columbiana annexation petition in about two weeks.

Most of the landowners in a 340-acre territory east of the village are in favor of joining "The biggest little town in Ohio," fast approaching the 5,000 population which will give it city status.

The 69-name petition was the subject of a public hearing held Monday by the Commissioners in the Lisbon Village Hall. Fifty attended.

Charles J. Gause, chairman of the Commissioners, presided. Ten spoke in favor of the annexation, and seven stated their objections. Gause gave counsel until May 10 to file briefs, and said a decision will be announced soon thereafter. Commissioners viewed the annexation area March 25.

Lawrence W. Stacey of Columbiana, counsel for the petitioners, outlined reasons for the annexation.

Businesses and homes relate closely to the village, he said, and except for the boundary line marker "One would think this is a part of Columbiana."

—:—

HE REFERRED to the long-standing sewage problem east of town, and said annexation would be a step toward solving it. He said Columbiana has the facilities to handle sewage from this area and also to supply it with water.

The entire area "has been historically an integral part of Columbiana — part of the cemetery and Firestone Park are in the area proposed for annexation". Stacey said South Side School is also in the area and desires to be inside the village limits.

Stacey said the village has taken "A rather firm position" that there will be no extension of utilities outside the village limits. He mentioned a trailer court being developed in the area, and said it was the rallying point for the petitioners who have been considering annexation for some time.

"The people in the area thought they would like the facilities afforded by the village —not just the utilities, but also police protection which now comes only from the Sheriff's Department at Lisbon and, with the addition of water, lower rates for fire insurance," Stacey said.

—:—

JACK BECK, Lisbon attorney and Columbiana solicitor, said the village is willing to accept the territory if the commissioners grant the petition.

Wayne Paulson, publisher of the Columbiana Ledger, read a letter from Dr. Daniel Salchow, Chamber president, stating the need for more land for future development.

D. W. Bailey, superintendent of schools, said the administration and board of education are interested in getting police protection. "We are quite a distance from Lisbon in event of an emergency at a public gathering in South Side School," he said. "We understand there would be a 25 per cent reduction in water rates for our schools.

William B. Moore Jr., a Lisbon attorney, spoke on behalf of several of the opponents. He said George Robertson and Vernon Corl between them own more than one - half the acreage east of the half-section line. "They farm and have only a fixed income," Moore said, "and increased taxes, if the annexation goes through, would cost them more than the benefits are worth. They are willing to do without any of the benefits."

Moore also mentioned Mr. and Mrs. Wilbur Garrod who operate the Whispering Pines Golf Course. "If the annexation is approved," Moore continued, "the next step will be to zone this area residential then these people will have to go and oppose this type of zoning and, if unsuccessful, it will limit the use to which this land can be put. 300 Honor Supt. Hall During Dinner Event

WEIRTON — Robert H. Hall, retiring Hancock County School superintendent, was honored at a dinner Monday night in the K. of C. Hall here.

The dinner, held by the Hancock County Teachers Association, was attended by 300. Hall will retire July 1.

The speaker was William Hamilton of Charleston, assistant state superintendent of public schools. He was introduced by John P. Jones, president of the Hancock County Board of Education, who also served as toastmaster.

—:—

DISCUSSING the role of education in Hancock County, Hamilton cited the leadership of Hall and several significant developments, some of which are spreading throughout the state.

The school system in Hancock County is one of the outstanding in the state, having received several national awards.

"The support given to the school system by the community and the support given the school program by the teachers in Hancock County was made possible in great part by the school superintendent," Hamilton said.

"Hancock County had the first pacesetter school in the state with a campus - organized school of grades 1-14," he said.

"The past 16 years," Hamilton continued, "the teaching force in Hancock County has increased from 78 per cent to 94 per cent, the second best record in the state."

A highlight of the testimonial for Hall was a certificate which read "in recognition of your sincere interest and best possible education for every child and the general concern for your fellow educators."

Hall also was presented a $500 gift certificate by Ava Hall of the Cove Elementary School on behalf of the Hancock County Teachers Association.

—:—

SUPT. HALL, in accepting the presentation said, "It had been a pleasure working in Hancock County, and if I have had any degree of success as superintendent, it has been due to those with whom I have worked —students, administrators, parents and board members."

"I deeply appreciate the support you have given me. My contributions, if any, were due to this support and good working relations with everyone in Hancock County."

Olin C. Nutter of Huntington, superintendent of Cabbell County Schools, presented Hall a plaque inscribed "A Profile of a Superintendent."

The Weir Junior High School chorus, directed by Mrs. George Psaros, sang.

Guests included past members of the board of education, retired teachers and Robert Lindsey, superintendent of Brooke County Schools and former Hancock aide.

ALLURING EMERALDS

Emeralds are very much in the forefront this year in jewelry circles. Due to the attractive and good quality synthetic emeralds now being made by several firms, women are able to enjoy the beauty of this gem in a variety of accessories. A well designed brooch, carefully crafted in textured gold and set with synthetic emeralds and genuine diamonds, is a piece of jewelry any woman would be proud to wear.

Because of the scarcity of fine natural emeralds, and their resulting high market price, the use of synthetic emeralds assumes new importance among manufacturers of fine jewelry. There has always been somewhat of a misconception about the term "synthetic" as applied to gemstones. Many people think that it indicates an artificial substitute. Actually, a synthetic gem is a man-made duplicate of the genuine. It has all the same mineral properties as the natural stone. On a gemologists "Gem Properties Table", the differences between the natural emerald and the synthetic product vary by only a few points.

A synthetic gem is not in any way like a "simulated" or artificial gem substitute. Ususally, the latter, is a glass compound, without the long wearing qualities associated with the natural and synthetic gems. The color of the synthetic emerald approaches the ideal found in the natural. It is possible when comparing a pale natural emerald that is badly flawed with the finest grade of synthetic, to see that in many cases, the synthetic gem affords more in actual beauty. As jewelers, and members of the American Gem Society, beauty and quality of the gem is our first concern.

Barbecue Plans Are Outlined By Ruritan Group

Final plans were made for a chicken barbecue Saturday when the Southern Ruritan Club met Monday at the Oak Ridge Presbyterian Church.

The barbecue will be from 5 to 8 p.m. in the Highlandtown Grange. Tickets may be purchased from any club member, Walter Nelson, president, said.

Monday's program consisted of a discussion by the Rev. John Dryer of the Covenant United Presbyterian Church entitled "Older New Orleans."

Rev. Dryer pointed out that many people still speak French and said the unusual custom of burial above ground is still practiced. "This is necessary because of heavy moisture which makes digging difficult," he explained.

The area is becoming industraialized in conjunction with the discovery of oil.

During the business session, Smith Poynter reported that the club's highway and industry committee, through meetings with John Ursu, county engineer, succeeded in getting a narrow section of the Old Salineville Rd. widened.

Thirty members and 11 guests attended the "Bring a Friend" night meeting.

300 Honor Supt. Hall During Dinner Event

WEIRTON — Robert H. Hall, retiring Hancock County School superintendent, was honored at a dinner Monday night in the K. of C. Hall here.

The dinner, held by the Hancock County Teachers Association, was attended by 300. Hall will retire July 1.

The speaker was William Hamilton of Charleston, assistant state superintendent of public schools. He was introduced by John P. Jones, president of the Hancock County Board of Education, who also served as toastmaster.

—:—

DISCUSSING the role of education in Hancock County, Hamilton cited the leadership of Hall and several significant developments, some of which are spreading throughout the state.

The school system in Hancock County is one of the outstanding in the state, having received several national awards.

"The support given to the school system by the community and the support given the school program by the teachers in Hancock County was made possible in great part by the school superintendent," Hamilton said.

"Hancock County had the first pacesetter school in the state with a campus - organized school of grades 1-14," he said.

"The past 16 years," Hamilton continued, "the teaching force in Hancock County has increased from 78 per cent to 94 per cent, the second best record in the state."

A highlight of the testimonial for Hall was a certificate which read "in recognition of your sincere interest and best possible education for every child and the general concern for your fellow educators."

Hall also was presented a $500 gift certificate by Ava Hall of the Cove Elementary School on behalf of the Hancock County Teachers Association.

—:—

SUPT. HALL, in accepting the presentation said, "It had been a pleasure working in Hancock County, and if I have had any degree of success as superintendent, it has been due to those with whom I have worked —students, administrators, parents and board members."

"I deeply appreciate the support you have given me. My contributions, if any, were due to this support and good working relations with everyone in Hancock County."

Olin C. Nutter of Huntington, superintendent of Cabbell County Schools, presented Hall a plaque inscribed "A Profile of a Superintendent."

The Weir Junior High School chorus, directed by Mrs. George Psaros, sang.

Guests included past members of the board of education, retired teachers and Robert Lindsey, superintendent of Brooke County Schools and former Hancock aide.

ALLURING EMERALDS

Emeralds are very much in the forefront this year in jewelry circles. Due to the attractive and good quality synthetic emeralds now being made by several firms, women are able to enjoy the beauty of this gem in a variety of accessories. A well designed brooch, carefully crafted in textured gold and set with synthetic emeralds and genuine diamonds, is a piece of jewelry any woman would be proud to wear.

Because of the scarcity of fine natural emeralds, and their resulting high market price, the use of synthetic emeralds assumes new importance among manufacturers of fine jewelry. There has always been somewhat of a misconception about the term "synthetic" as applied to gemstones. Many people think that it indicates an artificial substitute. Actually, a synthetic gem is a man-made duplicate of the genuine. It has all the same mineral properties as the natural stone. On a gemologists "Gem Properties Table", the differences between the natural emerald and the synthetic product vary by only a few points.

A synthetic gem is not in any way like a "simulated" or artificial gem substitute. Ususally, the latter, is a glass compound, without the long wearing qualities associated with the natural and synthetic gems. The color of the synthetic emerald approaches the ideal found in the natural. It is possible when comparing a pale natural emerald that is badly flawed with the finest grade of synthetic, to see that in many cases, the synthetic gem affords more in actual beauty. As jewelers, and members of the American Gem Society, beauty and quality of the gem is our first concern.

situation that didn't seem to bother Abernathy.

"We have been waiting on the white man for 350 years," he told a rousing rally of some 1,000 people Monday night. "We just decided today we were going to let him wait on us.

"We are going to come here and stay until Congress does something about poverty in this country, said Abernathy. "Under Martin Luther King's leadership we was going to shake America. Under Ralph Abernathy's leadership we're going to turn it upside down."

The remark drew a thunderous standing ovation on a night punctuated often by such deafening burst of applause, granted to speeches in which the participants painted vivid pictures of the conditions they claim exist:

"Migrant workers are stripped of every right as humans, forced to a life of hell on top of the earth they cultivate."

"Mr. Eastland (Mississippi Democratic Sen. James O. Eastland) said in Washington, D.C., that we were satisfied in Sunflower County (Miss.). But he made a sad mistake."

"Poor whites in the South only do what they're allowed to do. From the time we're born, we know that ain't nothing going to happen to us if we cut up niggers . . . we want all the middle class whites to know we're through doing your dirty work."

"I'm getting tired of being told I'm a good Indian if I keep quiet, because a quiet Indian is a sellout . . . I'm a young man, but I'm a tired man, too. I'm tired of being a white man's Indian."

Contract Let For Beds And Mattresses

LISBON — Columbiana County commissioners Monday awarded a contract to the Lyons Physician Supply Co. of Youngstown for 90 dormitory beds and mattresses for the county home.

Lyons' bids were $42 each for the 36-by-78-inch steel beds and $29.50 each for Simmons "patient proof" mattresses.

The bid of $6,435 was in the middle range of nine proposals which the commissioners have had under consideration since last fall. Salesman Paul Gettig today said he hopes he will be still able to get the equipment at the same price.

Commissioners had an endorsement from the County Medical Society before deciding on the Lyons equipment. Dr. Leonard Pritchard of Columbiana, chairman of the society's public relations committee, inspected the beds under consideration.

Commissioners gave Perry Township trustees a five - year lease on 8.9 acres of land along Depot Rd. for $1 per year, with a renewal option at the end of the five years.

The commissioners accepted a plat of Woodsdale Allotment owned by Russell C. and Olive V. Jones. The plat has four lots in 2.85 acres and is located on the northwest side of Woodsdale Rd., 1.5 miles southwest of Salem. The plat had been approved earlier by the Salem Planning Commission, the County Health Department and Butler Township trustees.

situation that didn't seem to bother Abernathy.

"We have been waiting on the white man for 350 years," he told a rousing rally of some 1,000 people Monday night. "We just decided today we were going to let him wait on us.

"We are going to come here and stay until Congress does something about poverty in this country, said Abernathy. "Under Martin Luther King's leadership we was going to shake America. Under Ralph Abernathy's leadership we're going to turn it upside down."

The remark drew a thunderous standing ovation on a night punctuated often by such deafening burst of applause, granted to speeches in which the participants painted vivid pictures of the conditions they claim exist:

"Migrant workers are stripped of every right as humans, forced to a life of hell on top of the earth they cultivate."

"Mr. Eastland (Mississippi Democratic Sen. James O. Eastland) said in Washington, D.C., that we were satisfied in Sunflower County (Miss.). But he made a sad mistake."

"Poor whites in the South only do what they're allowed to do. From the time we're born, we know that ain't nothing going to happen to us if we cut up niggers . . . we want all the middle class whites to know we're through doing your dirty work."

"I'm getting tired of being told I'm a good Indian if I keep quiet, because a quiet Indian is a sellout . . . I'm a young man, but I'm a tired man, too. I'm tired of being a white man's Indian."

Contract Let For Beds And Mattresses

LISBON — Columbiana County commissioners Monday awarded a contract to the Lyons Physician Supply Co. of Youngstown for 90 dormitory beds and mattresses for the county home.

Lyons' bids were $42 each for the 36-by-78-inch steel beds and $29.50 each for Simmons "patient proof" mattresses.

The bid of $6,435 was in the middle range of nine proposals which the commissioners have had under consideration since last fall. Salesman Paul Gettig today said he hopes he will be still able to get the equipment at the same price.

Commissioners had an endorsement from the County Medical Society before deciding on the Lyons equipment. Dr. Leonard Pritchard of Columbiana, chairman of the society's public relations committee, inspected the beds under consideration.

Commissioners gave Perry Township trustees a five - year lease on 8.9 acres of land along Depot Rd. for $1 per year, with a renewal option at the end of the five years.

The commissioners accepted a plat of Woodsdale Allotment owned by Russell C. and Olive V. Jones. The plat has four lots in 2.85 acres and is located on the northwest side of Woodsdale Rd., 1.5 miles southwest of Salem. The plat had been approved earlier by the Salem Planning Commission, the County Health Department and Butler Township trustees.

LISBON — Gloria Elaine Hughes, 19, of Sebring pleaded guilty to a burglary charge and asked for probation Monday during arraignment in Common Pleas Court here.

Judge Joel H. Sharp ordered a pre-sentence investigation and report. Miss Hughes and Mark F. Heverly, 22, also of Sebring, were indicted for a burglary Feb. 15 at the Russell Reichenbach residence in North Georgetown.

Three grand jury defendants late yesterday morning pleaded not guilty, joining others, previously reported, who made the same plea earlier. Arraignment was continued for two larceny defendants whose attorney was unavailable.

Three three not guilty pleas were entered by:

The DOCTOR Says

By Dr. W. G. Brandstadt

Cirrhosis Is Gradual Process

Q — What is the cause of cirrhosis of the liver? What are the symptoms? Is there any cure?

Dr. Brandstadt

A — Cirrhosis is a replacement of liver cells by scar tissue. It is a gradual process and in the early stages there are no symptoms. When about 80 per cent of the normal liver cells have been destroyed the victim begins to complain of loss of appetite, easy fatigability, loss of weight and a swelling of the abdomen which is caused by an accumulation of fluid in the peritoneal cavity. Bleeding from the stomach and esophagus may also occur.

The cause is not thoroughly understood. In some victims, a combination of chronic alcoholism and an inadequate diet appears to be the cause. Other causes include hepatitis and poisoning with chemicals that have a special affinity for the liver. Since cure is difficult, avoidance of the causative factors is your best protection. For some forms of cirrhosis surgery is helpful. In others, cortisone, glutathione or a combination of vitamin B and folic acid may be of benefit.

Q — What is the cause of chronic dizziness? I've had it for four years.

A — Anemia, hardening of the arteries in the head, Meniere's disease and tumors pressing on the base of the brain are possible causes. Since the treatment is different for each of these, your doctor should determine the cause in your case.

Q — If dizziness is caused by a sudden change in position, why don't I get dizzy everytime I get out of bed instead of occasionally?

A—The factors to consider are how fast you get up, how completely relaxed you are at the moment of arising and the general tone of your vasomotor system. This tone (the degree of tension in the muscles in the walls of your arteries) is decreased by a spell of illness and increased when your adrenals pour their hormone into your blood.

Q—What can be done to prevent a stroke?

A—Prevention depends on early recognition of the predisposing factors. These include high blood pressure, a high blood cholesterol level, diabetes, excessive smoking, obesity and chronic nervous tension. Prevention or control of these will greatly lessen the risk of having a stroke.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of The Review. While Dr. Brandstadt cannot answer individual letters, he will answer letters of general interest in future columns.

HINTS FROM HELOISE

Avoid After-Sew Mess

Heloise

DEAR HELOISE: Many of my neighbors complain about picking up the threads and fine ravels off the floor when sewing; especially when patching. I have learned to sew in my kitchen and just sweep up all of those little meanies. Much easier than getting them off the carpet.

Besides, the day I sew is when I do lots of cooking. I'm usually sitting right near the stove and it's convenient to watch the food. And this way I don't burn anything!

SALLY MURCHESON.

-:-

DEAR SALLY: I think you've got a great idea, honey pie.

But those who have cabinet sewing machines that cannot be moved to the kitchen, might like to try my method:

I take a sheet from my laundry hamper and place it on the floor before I ever start sewing and cutting. Then all I have to do is take the sheet outdoors and shake all of those little threads off when finished! Then dump the sheet back in the hamper.

A plastic shower curtain is even better if you happen to have an old one around.

If not, you can buy heavy pieces of plastic at practically any store now for less than 50 cents. You are really not wasting your 50 cents because you'll find you can use this for many, many things thereafter.

HELOISE

DEAR HELOISE: A facial sauna is very beneficial for dry skin or just to keep a fresh, young-looking skin. If you don't have a sauna try my way.

Run hot water in your bathroom basin. Then with a large towel make a tent over your head, bend over the steaming water for a few minutes and you get nearly the same effect.

I wear a shower cap to preserve my hairdo.

JUST ANOTHER MOTHER.

DEAR HELOISE: If you have a doorknob hitting against your furniture or wall, just fit a plastic kitchen scrubber over the knob.

It will prevent those marred places on your furniture or walls. They usually come in colors, so would serve a purpose and look attractive, too.

Mrs. C. D. Benoit.

DEARL HELOISE: For those fatties who are on a diet, I finally learned that my delicious cheesecakes have turned to "pound" cakes . . . Calories — Ugh!

MISS SEARS.

DEAR HELOISE: When doing over my bathroom this year, I got a new fur-like lid cover.

I put a piece of clear plastic over the lid cover and tucked it in all around to protect it from soil. I can still see the color and flowers through the plastic.

Saves washing it so much, especially for those who have a large family.

MRS. F. J. BRAGG.

DEAR HELOISE: In order to eliminate searching for specific pieces of clothing when seasons change, I tape index cards on each clothes bag, box and piece of luggage in which I store clothes.

On each card I itemize the contents of the container and the date of the "inventory".

Sure is a time-saver for me.

SELMA

DEAR HELOISE: If you have a small ivy plant you want to hang on the wall, try what I did.

I cut a large plastic detergent bottle in half, but I left the one side a little higher than the other. Then I pnuched a hole near the top with an ice pick.

I spray-painted mine before filling it but one could also cover them with adhesive-backed plastic.

I put my ivy plant in the little container and hung it on my bathroom wall. It looks real cute.

ELLA.

DEAR HELOISE: If you break the lead in your pencil and have no pencil sharpener, try using a potato peeler.

Just go about it as if you were peeling a carrot. Works fine.

MARCIA SNYDER.

Makes a perfect point on the lead too! HELOISE.

Officers said the accident occurred at 10:30 p.m. when the eastbound sedan, operated by Daniel Ray Michael, 21, of 1669 Ohio Ave., hit an embankment after the driver lost control on a left curve.

The patrol investigated another one-car mishap Monday involving a city resident.

Officers said a sedan operated by James L. Starkey, 17, of Green St., crashed into an embankment on County Rd. 424, 1½ miles north of Route 267 at 10:25 p. m.

The southbound auto continued along the embankment for 130 feet after impact, officers reported.

HINTS FROM HELOISE

Avoid After-Sew Mess

DEAR HELOISE: Many of my neighbors complain about picking up the threads and fine ravels off the floor when sewing; especially when patching. I have learned to sew in my kitchen and just sweep up all of those little meanies. Much easier than getting them off the carpet.

Heloise

Besides, the day I sew is when I do lots of cooking. I'm usually sitting right near the stove and it's convenient to watch the food. And this way I don't burn anything!

SALLY MURCHESON.

-:-

DEAR SALLY: I think you've got a great idea, honey pie.

But those who have cabinet sewing machines that cannot be moved to the kitchen, might like to try my method:

I take a sheet from my laundry hamper and place it on the floor before I ever start sewing and cutting. Then all I have to do is take the sheet outdoors and shake all of those little threads off when finished! Then dump the sheet back in the hamper.

A plastic shower curtain is even better if you happen to have an old one around.

If not, you can buy heavy pieces of plastic at practically any store now for less than 50 cents. You are really not wasting your 50 cents because you'll find you can use this for many, many things thereafter.

HELOISE

DEAR HELOISE: A facial sauna is very beneficial for dry skin or just to keep a fresh, young-looking skin. If you don't have a sauna try my way.

Run hot water in your bathroom basin. Then with a large towel make a tent over your head, bend over the steaming water for a few minutes and you get nearly the same effect.

I wear a shower cap to preserve my hairdo.

JUST ANOTHER MOTHER.

DEAR HELOISE: If you have a doorknob hitting against your furniture or wall, just fit a plastic kitchen scrubber over the knob.

It will prevent those marred places on your furniture or walls. They usually come in colors, so would serve a purpose and look attractive, too.

Mrs. C. D. Benoit.

DEARL HELOISE: For those fatties who are on a diet, I finally learned that my delicious cheesecakes have turned to "pound" cakes . . . Calories — Ugh!

MISS SEARS.

DEAR HELOISE: When doing over my bathroom this year, I got a new fur-like lid cover.

I put a piece of clear plastic over the lid cover and tucked it in all around to protect it from soil. I can still see the color and flowers through the plastic.

Saves washing it so much, especially for those who have a large family.

MRS. F. J. BRAGG.

DEAR HELOISE: In order to eliminate searching for specific pieces of clothing when seasons change, I tape index cards on each clothes bag, box and piece of luggage in which I store clothes.

On each card I itemize the contents of the container and the date of the "inventory".

Sure is a time-saver for me.

SELMA

DEAR HELOISE: If you have a small ivy plant you want to hang on the wall, try what I did.

I cut a large plastic detergent bottle in half, but I left the one side a little higher than the other. Then I pnuched a hole near the top with an ice pick.

I spray-painted mine before filling it but one could also cover them with adhesive-backed plastic.

I put my ivy plant in the little container and hung it on my bathroom wall. It looks real cute.

ELLA.

DEAR HELOISE: If you break the lead in your pencil and have no pencil sharpener, try using a potato peeler.

Just go about it as if you were peeling a carrot. Works fine.

MARCIA SNYDER.

Makes a perfect point on the lead too! HELOISE.

ANN LANDERS

'Kwitcherkiddin', Boss!'

Dear Ann Landers: I had to smile when I read the letter from the secretary whose boss couldn't keep his hands to himself.

She said his "fatherly" pats had become bold pinches and squeezes and she wanted your advice on how to keep him in line without jeopardizing her job.

It so happens that I'm a boss and my problem is a secretary who won't keep her hands off ME. I'm 59 and no handsome lover type. My secretary is 29 and extremely attractive. She's also very competent and knows this office from top to bottom.

If I fire her it would take months to break in a new girl. This pawing has been going on for nine years. Please tell me what to do. I'm in urgent need of an answer. — ALSO UPPA-CRICK.

-:-

Dear Also: If you have been "suffering" with the problem for nine years it can't be very urgent. I'll give you the same advice I gave the secretary who wrote. Kwitcherkiddin'.

Affectionate Folks

Dear Ann: This letter may sound terribly stupid, but it's a problem that bothers not only me, but some of my friends. Maybe you can help.

I'm a girl, 16, and have been dating for more than a year. I go with nice fellows and my folks have met and approved of them all. The problem is that whenever I leave the house my mother and father both kiss me goodby as if I'm going to Europe or something.

The other evening my dad was in the back of the house and my mother shouted to him, "Come kiss Ellie goodby — she's leaving." I felt like a fool.

Please tell me what to do about this? — KISSIN' KIN.

-:-

Dear Kin: Stop complaining. Your parents sound like warm-hearted people who love you and aren't ashamed to show it. If you could read the letters I get from teen-agers whose parents give them the deep freeze you'd appreciate yours.

Money Giveaway

Dear Ann: Recently you printed a letter dealing with parents, children and money. You gave the impression that you're opposed to parents' giving adult children money. Have you considered the age of the parent and the amount of money involved?

Giving money does not necessarily result in loss of income or security. It might merely require an investment that would yield more tax-free dollars. An annual gift of $3,000 would not only endear the parent to the child, but yield greater net results after estate taxes. And no gift tax would be involved, either.

Since you generally consult experts, why didn't you consult an estate planner before you answered the mother's letter? — GREAT NECK ATTORNEY.

-:-

Dear Great Neck: I didn't need to consult an expert on that one. I knew the answer. And it has nothing to do with estate planning or gift tax.

Your notion that an annual present of $3,000 will "endear" a parent to a child is rubbish. Too many confused parents have the notion that money and gifts are appropriate substitutes for time and attention.

Irrevocable trust funds are appealing because "it's cheaper than giving the money to the government." Granted, some trusts make a great deal of sense, especially where there is an incompetent or foolish wife who would blow an estate if she had the chance.

But the other side of the coin should not be ignored. If a kid knows he's due to inherit a staggering sum at 21 it may kill his incentive to stay in school or go to work (heaven forbid). And then you have a bum on your hands.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Fisher Pitches Toronto Past Potters In Playoffs 4-3

Sports Whirled

By TURK PIERCE
Review Sports Editor

Minor league baseball, virtually ignored on sports pages throughout the season, nevertheless, is peopled with some familiar names.

Former Pirate Bob Skinner is manager of the San Diego Padres. Skinner was named manager of the year in the Pacific Coast League last season as San Diego took the title.

Joe Adcock, who managed the Indians last season, is handling the Seattle Angels in the PCL this season. Gene Leek, a bonus baby with the Indians a decade ago, is attempting a comeback with Seattle. Former Pirate catcher Orlando McFarland is also with Seattle.

FORMER PIRATE coach Clyde King manages the Phoenix Giants. Ozzie Virgil, former Pirate, is playing for King. Another former Pirate who can catch and play other positions is Ron Brand, sent down by Houston to Oklahoma City. Bob Oliver, former Pirate farmhand who has had brief trials with the parent team, is on the Denver roster, along with Leroy Kelly's brother Pat, also an outfielder.

The Hawaii Islanders have an interesting staff. Fred Klages, who has been with the White Sox, is from Ambridge. Others are playboy Bo Belinsky and Danny Murphy, who received a $125,000 bonus to sign with the Cubs as an outfielder some years ago is is now trying to make it as a pitcher.

Mickey Vernon, another former Pirate coach, is managing Vancouver. Don Larsen, of World Series perfect game fame, is hanging on as a pitcher for Tacoma.

In the International League, former Pirate Clyde McCullough manages the Jacksonville Mets. On his pitching staff are two former major league stars, Chuck Estrada and Dennis Bennett. Former Pirate catcher Jesse Gonder is catching for Richmond, while Gene Freese, a Forbes Field favorite years ago, still is playing with Buffalo.

JOHNNY PESKY, a Pirate coach last season, now manages Columbus, the top Buc affiliate.

Even in the Mexican League, two managers are familiar names. Luis Arroyo, former Pirate pitcher, handles Reynosa, while Willie Miranda, a good-field, no-hit shortstop for Baltimore, manages Monterrey. There are now five minor leagues in Mexico, an indication of the interest in baseball there.

Bill Montgomery Losing Hurler

By TURK PIERCE
Review Sports Editor

The East Liverpool High School baseball team met a quick end in the Steubenville AA sectional playoffs, bowing 4-3 to Toronto and its ace pitcher Bill Fisher yesterday at Pleasant Heights in Steubenville.

Fisher fanned 16 and started the rally for what proved to be the winning runs with a single. Bill Montgomery went the distance on the mound for the Potters, allowing only four hits, and drove in all the losers' tallies with a single and a double.

A single by Jim Musuraca and a walk to Dick Rose with only one out gave the Potters a threat in the seventh, but Fisher rose to the occassion by striking out Bob Bartram and Kim Kemple. The win for the senior leafthander was his third of the season. Toronto is 4-2, the Potters now 7-2.

John Bardon was the offensive show for the Red Knights, driving in all the runs with a double and a triple. Toronto struck early, as Doug Jones, a senior who is barefly five feet tall, worked Montgomery for a walk. Jones was forced by Rich Bodnar, and Mike Cernansky was safe when secondbaseman Dan Cunningham fumbled a grounder for the Potters' lone error of the day. After a double steal by the runners, Bardon doubled off the right field fence to score two runs.

East Liverpool broke through Fisher in the fourth. Cunningham singled, stole second and scored on a single by Montgomery.

Toronto won the game in the last of the fifth after it seemed Montgomery was safely out of the inning. Fisher beat out a single to short and Jones flied out. Bodnar hit a grounder to thirdbaseman Kemple. His throw easily forced Fisher at second, and the relay seemed to have Bodnar at first, but he was ruled safe on a questionable call. Montgomery then hit Cernansky and Bardon belted a 2-2 pitch far over leftfielder Musuraca's head, ending up on third with the score 4-1.

East Liverpool, aided by an error, came back the next inning. Bartram singled and was forced by Kemple. Cunningham grounded to third, but firstbaseman Bardon dropped the throw and Cunningham was safe. Fisher fanned Tom Chambers, but Montgomery doubled off the right field fence to make it 4-3. Fisher had it in the clutch, however, and East Liverpool could not knot the count. The Red Knight hurler walked only two in his fine performance.

Alston Back, Dodgers Top Cards: Pirates Snap Streak, Beat Cubs

BACKS IN. Pirate Pitcher Steve Blass seems to be backing in to home plate. Blass scored the first Pirate run of the game when the ball got by Cub catcher Randy Hundley. Pirates beat Chicago at Forbes Field last night 7-4. (UPI Telephoto)

By DICK COUCH
Associated Press Sports Writer

The Los Angeles Dodgers gave Walter Alston a warm welcome. The Cincinnati Reds turned Grady Hattons homecoming into a holocaust.

With Manager Alston is uniform for the first time this season, the Dodgers snapped St. Louis' six-game winning string Monday night by edging the National League leaders 3-2 at Los Angeles.

At Houston, meanwhile, Cincinnati went on a 22-hit rampage that crushed Hatton's Astros 17-2 in their first home game in two weeks.

Elsewhere, Pittsburgh whipped the Chicago Cubs 7-4 under the lights and Atlanta downed San Francisco 7-2 in an afternoon game.

Don Sutton, making his first start for the Dodgers after being recalled from the minors, stalled the Cardinals with relief help from Jim Brewer and made Alston's homecoming a happy occasion. The 56-year-old pilot had missed the Dodgers' first 16 games while recovering from surgery for the removal of kidney stones.

Sutton scored one run, drove in another and blanked the Cards on three hits until the seventh inning, when two singles and Curt Flood's two-run double closed the gap. Brewer protected the right-hander's first victory with 2 1-3 innings of hitless relief.

Brewer has been touched for one run in 8 2-3 innings over-all. Four other Dodger relievers—Jack Billingham, John Purdin, Jim Grant and Hank Aguirre—have yet to be scored upon.

While the Cardinals' feathers were being ruffled after their six-game streak at St. Louis, the Astros returned to Houston to find their usually friendly Astrodome transformed into a chamber of horrors.

Houston played its first six games in the Dome, winning five and completing the home stand with a 1-0, 24-inning victory over the New York Mets on April 15. Then the Astros went on the road. . .and lost eight of nine.

The Reds wasted little time in making it nine of 10 and relegating Houston to the NL cellar. They scored in every inning but the eighth, building a 4-1 early lead before exploding for six runs in the fourth.

Tony Perez led the onslaught with his fourth homer and five runs batted in. Pete Rose stroked four hits, scored four runs and knocked in three. Vada Pinson, Lee May, Leo Cardenas and Johnny Bench had three hits apiece, including Bench's first homer.

"It was fantastic," said Houston first baseman Rusty Staub. "They just couldn't do anything wrong."

Willie Stargells two-run single and a two-run homer by Bill Mazeroski carried the Pirates past the Cubs, ending a three-game Pittsburgh losing string. Steve Blass, making his first start, picked up the victory with relief help after Ernie Banks' seventh inning homer.

Ron Reed, Atlanta's 6-foot-6 rookie, held the Giants to three hits in his first 1968 start. The Braves tagged loser Juan Marichal for 12 hits, including a homer and three singles by Tito Francona.

Reed, who played pro basketball for the Detroit Pistons, retired the first 20 batters he faced before Willie Mays poked a two-out single in the seventh.

Tigers, Angels Win

Roseboro Gets Five Hits, Twins Rout Red Sox 11-2

By MIKE RECHT
Associated Press Sports Writer

Johnny Roseboro found a perfect way to ruin a day off. With a little extra effort, he hit his way out of it.

The 34-year-old catcher broke out of an 0-for-29 slump by cracking five hits in five at bats Monday night, setting off Minnesota's 11-2 rout over the Boston Red Sox.

"It was just a matter of time," said his manager, Cal Ermer. "However, we planned to give him a rest Tuesday. Now we'll wait and see how he feels."

After his first five-hit game in 12 seasons in the major leagues, Roseboro should be feeling just fine.

Norm Cash probably won't play today, but he must be feeling okay, too, after scoring the winning run in a home plate collision that brought the Detroit Tigers a 2-1 victory over the Oakland A's.

Another happy hitter who became a doubtful starter today is Rick Reichardt, who limped off the field after belting a two-run single that keyed California's 3-2 triumph over Cleveland in the only other American League game.

Roseboro, playing his first season in the American League after his acquisition from the Los Angeles Dodgers last winter, entered the Boston game with only three hits in 49 at bats for a .061 average.

By the end of the night, he had raised his average to .148 with three singles, a double and his first AL homer off four of the six Red Sox pitchers. He drove in two runs and scored three.

"I've never got off to such a bad start," Roseboro said. "When you're young, you go out of your mind. But when you're older . . . I remember what Jim Giliam told us on the Dodgers. When you're not hitting, stop complaining and go out there and give 110 per cent."

Roseboro's hitting and three runs batted in by Ted Uhlaender made Jim Perry's third victory in four decisions easy, given a 9-1 lead in three innings, he breezed with a six-hitter.

Cash's big hit came against Oakland catcher Rene Lachemann with two out in the ninth inning. He had forced Bill Freehan, who had been hit by a pitch, and then reached second when reliever Jack Aker walked Jim Northrup.

When Don Wert, who homered in the eighth, singled to center field, Cash raced for home, but Rick Monday's throw had him beaten. However, Lachemann dropped the peg and Cash barrelled into him and his knee struck Lachemann's head, flattening the catcher.

Lachemann was not seriously hurt, but Cash suffered a severe bruise and probably will sit out today's game.

The play made a winner of Mickey Lolich, who yielded only four hits after an eight-day layoff because of National Guard duty.

Reichardt bounced his hit up the middle in the seventh inning with the bases loaded and none out, putting the Angels ahead 2-1. The winning run scored later in the inning on a force out.

Reichardt, however, pulled a muscle running the bases and might not play today.

Cleveland drove out winner Jim McGlothlin in its half of the seventh when Leon Wagner hammered a pinch hit, run-scoring double, but relievers Clyde Wright and then Jack Hamilton saved the victory.

McCreary Scores Winner

Blues Win In Overtime, Lead North Stars 3-2

By CHARLIE BAROUH

ST. LOUIS (AP) — Billy McCreary said the Minnesota North Stars were laying back waiting for something to happen, but when it did it cost them the game.

The happening was McCreary's goal with 17:27 gone in an overtime period and it gave the St. Louis Blues a 3-2 vistory over the North Stars Monday night in their National Hockey League West Division playoff game. It also gave the Blues a 3-2 edge in the best-of-7 series with the sixth game to be played Wednesday in Minnesota.

"They were playing a man to man game,' McCreary explained, "waiting for a break".

But the Blues didnt have to wait for breaks, McCreary added. Blues Coach Scotty Bowman worked his lines on short shifts to keep them fresh. That helped, McCreary said.

It was the other way around for Minnesota. Coach Wren Blair said. "We were really tired in that overtime. St. Louis' 17 shots on goal during the overtime against three Minnesota chances testified to that, but Blair said the shots didn't mean a thing.

"That comes with a home ice advantage," Blair maintained. "If you look at the statistics, I'll bet you find that the home team usually takes most of the shots. But shots on goal don't matter. All that matters is that the score was 3-2.

Terry Crisp had helped St. Louis to its two goals in the first period with sharp assists. He fed Bob Plager for the first goal with less than two minutes gone. Then after Walt McKechnie scored to tie the game, Crisp set up Gary Sabourin.

But the Blues couldn't hold the lead and Bob McCord tied the game with 6:31 gone in the second period. That was it until the overtime.

E. Palestine Tops Potter Golfers 8½-½

The East Liverpool golf team had its record evened at 8-8 yesterday when it was defeated 8½-½ by East Palestine at the East Palestine Country Club.

Fran Ross of the Bulldogs fired a 41 to 46 by Bob Kinsey, Dan Moore of East Palestine was medalist with a 39 to a 46 by Rick Hughes, and Steve Morris shot a 40 to a 42 by Bill McHenry. The winners led in strokes 160-174.

Fisher Pitches Toronto Past Potters In Playoffs 4-3

Sports Whirled

Minor league baseball, virtually ignored on sports pages throughout the season, nevertheless, is peopled with some familiar names.

Former Pirate Bob Skinner is manager of the San Diego Padres. Skinner was named manager of the year in the Pacific Coast League last season as San Diego took the title.

Joe Adcock, who managed the Indians last season, is handling the Seattle Angels in the PCL this season. Gene Leek, a bonus baby with the Indians a decade ago, is attempting a comeback with Seattle. Former Pirate catcher Orlando McFarland is also with Seattle.

FORMER PIRATE coach Clyde King manages the Phoenix Giants. Ozzie Virgil, former Pirate, is playing for King. Another former Pirate who can catch and play other positions is Ron Brand, sent down by Houston to Oklahoma City. Bob Oliver, former Pirate farmhand who has had brief trials with the parent team, is on the Denver roster, along with Leroy Kelly's brother Pat, also an outfielder.

The Hawaii Islanders have an interesting staff. Fred Klages, who has been with the White Sox, is from Ambridge. Others are playboy Bo Belinsky and Danny Murphy, who received a $125,000 bonus to sign with the Cubs as an outfielder some years ago is is now trying to make it as a pitcher.

Mickey Vernon, another former Pirate coach, is managing Vancouver. Don Larsen, of World Series perfect game fame, is hanging on as a pitcher for Tacoma.

In the International League, former Pirate Clyde McCullough manages the Jacksonville Mets. On his pitching staff are two former major league stars, Chuck Estrada and Dennis Bennett. Former Pirate catcher Jesse Gonder is catching for Richmond, while Gene Freese, a Forbes Field favorite years ago, still is playing with Buffalo.

JOHNNY PESKY, a Pirate coach last season, now manages Columbus, the top Buc affiliate.

Even in the Mexican League, two managers are familiar names. Luis Arroyo, former Pirate pitcher, handles Reynosa, while Willie Miranda, a good-field, no-hit shortstop for Baltimore, manages Monterrey. There are now five minor leagues in Mexico, an indication of the interest in baseball there.

Bill Montgomery Losing Hurler

By TURK PIERCE
Review Sports Editor

The East Liverpool High School baseball team met a quick end in the Steubenville AA sectional playoffs, bowing 4-3 to Toronto and its ace pitcher Bill Fisher yesterday at Pleasant Heights in Steubenville.

Fisher fanned 16 and started the rally for what proved to be the winning runs with a single. Bill Montgomery went the distance on the mound for the Potters, allowing only four hits, and drove in all the losers' tallies with a single and a double.

A single by Jim Musuraca and a walk to Dick Rose with only one out gave the Potters a threat in the seventh, but Fisher rose to the occassion by striking out Bob Bartram and Kim Kemple. The win for the senior leafthander was his third of the season. Toronto is 4-2, the Potters now 7-2.

John Bardon was the offensive show for the Red Knights, driving in all the runs with a double and a triple. Toronto struck early, as Doug Jones, a senior who is barefly five feet tall, worked Montgomery for a walk. Jones was forced by Rich Bodnar, and Mike Cernansky was safe when secondbaseman Dan Cunningham fumbled a grounder for the Potters' lone error of the day. After a double steal by the runners, Bardon doubled off the right field fence to score two runs.

East Liverpool broke through Fisher in the fourth. Cunningham singled, stole second and scored on a single by Montgomery.

Toronto won the game in the last of the fifth after it seemed Montgomery was safely out of the inning. Fisher beat out a single to short and Jones flied out. Bodnar hit a grounder to thirdbaseman Kemple. His throw easily forced Fisher at second, and the relay seemed to have Bodnar at first, but he was ruled safe on a questionable call. Montgomery then hit Cernansky and Bardon belted a 2-2 pitch far over leftfielder Musuraca's head, ending up on third with the score 4-1.

East Liverpool, aided by an error, came back the next inning. Bartram singled and was forced by Kemple. Cunningham grounded to third, but firstbaseman Bardon dropped the throw and Cunningham was safe. Fisher fanned Tom Chambers, but Montgomery doubled off the right field fence to make it 4-3. Fisher had it in the clutch, however, and East Liverpool could not knot the count. The Red Knight hurler walked only two in his fine performance.

Alston Back, Dodgers Top Cards: Pirates Snap Streak, Beat Cubs

BACKS IN. Pirate Pitcher Steve Blass seems to be backing in to home plate. Blass scored the first Pirate run of the game when the ball got by Cub catcher Randy Hundley. Pirates beat Chicago at Forbes Field last night 7-4. (UPI Telephoto)

By DICK COUCH
Associated Press Sports Writer

The Los Angeles Dodgers gave Walter Alston a warm welcome. The Cincinnati Reds turned Grady Hattons homecoming into a holocaust.

With Manager Alston is uniform for the first time this season, the Dodgers snapped St. Louis' six-game winning string Monday night by edging the National League leaders 3-2 at Los Angeles.

At Houston, meanwhile, Cincinnati went on a 22-hit rampage that crushed Hatton's Astros 17-2 in their first home game in two weeks.

Elsewhere, Pittsburgh whipped the Chicago Cubs 7-4 under the lights and Atlanta downed San Francisco 7-2 in an afternoon game.

Don Sutton, making his first start for the Dodgers after being recalled from the minors, stalled the Cardinals with relief help from Jim Brewer and made Alston's homecoming a happy occasion. The 56-year-old pilot had missed the Dodgers' first 16 games while recovering from surgery for the removal of kidney stones.

Sutton scored one run, drove in another and blanked the Cards on three hits until the seventh inning, when two singles and Curt Flood's two-run double closed the gap. Brewer protected the right-hander's first victory with 2 1-3 innings of hitless relief.

Brewer has been touched for one run in 8 2-3 innings over-all. Four other Dodger relievers—Jack Billingham, John Purdin, Jim Grant and Hank Aguirre—have yet to be scored upon.

While the Cardinals' feathers were being ruffled after their six-game streak at St. Louis, the Astros returned to Houston to find their usually friendly Astrodome transformed into a chamber of horrors.

Houston played its first six games in the Dome, winning five and completing the home stand with a 1-0, 24-inning victory over the New York Mets on April 15. Then the Astros went on the road. . .and lost eight of nine.

The Reds wasted little time in making it nine of 10 and relegating Houston to the NL cellar. They scored in every inning but the eighth, building a 4-1 early lead before exploding for six runs in the fourth.

Tony Perez led the onslaught with his fourth homer and five runs batted in. Pete Rose stroked four hits, scored four runs and knocked in three. Vada Pinson, Lee May, Leo Cardenas and Johnny Bench had three hits apiece, including Bench's first homer.

"It was fantastic," said Houston first baseman Rusty Staub. "They just couldn't do anything wrong."

Willie Stargells two-run single and a two-run homer by Bill Mazeroski carried the Pirates past the Cubs, ending a three-game Pittsburgh losing string. Steve Blass, making his first start, picked up the victory with relief help after Ernie Banks' seventh inning homer.

Ron Reed, Atlanta's 6-foot-6 rookie, held the Giants to three hits in his first 1968 start. The Braves tagged loser Juan Marichal for 12 hits, including a homer and three singles by Tito Francona.

Reed, who played pro basketball for the Detroit Pistons, retired the first 20 batters he faced before Willie Mays poked a two-out single in the seventh.

Tigers, Angels Win

Roseboro Gets Five Hits, Twins Rout Red Sox 11-2

By MIKE RECHT
Associated Press Sports Writer

Johnny Roseboro found a perfect way to ruin a day off. With a little extra effort, he hit his way out of it.

The 34-year-old catcher broke out of an 0-for-29 slump by cracking five hits in five at bats Monday night, setting off Minnesota's 11-2 rout over the Boston Red Sox.

"It was just a matter of time," said his manager, Cal Ermer. "However, we planned to give him a rest Tuesday. Now we'll wait and see how he feels."

After his first five-hit game in 12 seasons in the major leagues, Roseboro should be feeling just fine.

Norm Cash probably won't play today, but he must be feeling okay, too, after scoring the winning run in a home plate collision that brought the Detroit Tigers a 2-1 victory over the Oakland A's.

Another happy hitter who became a doubtful starter today is Rick Reichardt, who limped off the field after belting a two-run single that keyed California's 3-2 triumph over Cleveland in the only other American League game.

Roseboro, playing his first season in the American League after his acquisition from the Los Angeles Dodgers last winter, entered the Boston game with only three hits in 49 at bats for a .061 average.

By the end of the night, he had raised his average to .148 with three singles, a double and his first AL homer off four of the six Red Sox pitchers. He drove in two runs and scored three.

"I've never got off to such a bad start," Roseboro said. "When you're young, you go out of your mind. But when you're older . . . I remember what Jim Giliam told us on the Dodgers. When you're not hitting, stop complaining and go out there and give 110 per cent."

McCreary Scores Winner

Blues Win In Overtime, Lead North Stars 3-2

By CHARLIE BAROUH

ST. LOUIS (AP) — Billy McCreary said the Minnesota North Stars were laying back waiting for something to happen, but when it did it cost them the game.

The happening was McCreary's goal with 17:27 gone in an overtime period and it gave the St. Louis Blues a 3-2 vistory over the North Stars Monday night in their National Hockey League West Division playoff game. It also gave the Blues a 3-2 edge in the best-of-7 series with the sixth game to be played Wednesday in Minnesota.

"They were playing a man to man game,' McCreary explained, "waiting for a break".

But the Blues didnt have to wait for breaks, McCreary added. Blues Coach Scotty Bowman worked his lines on short shifts to keep them fresh. That helped, McCreary said.

It was the other way around for Minnesota. Coach Wren Blair said. "We were really tired in that overtime. St. Louis' 17 shots on goal during the overtime against three Minnesota chances testified to that, but Blair said the shots didn't mean a thing.

"That comes with a home ice advantage," Blair maintained. "If you look at the statistics, I'll bet you find that the home team usually takes most of the shots. But shots on goal don't matter. All that matters is that the score was 3-2.

Terry Crisp had helped St. Louis to its two goals in the first period with sharp assists. He fed Bob Plager for the first goal with less than two minutes gone. Then after Walt McKechnie scored to tie the game, Crisp set up Gary Sabourin.

But the Blues couldn't hold the lead and Bob McCord tied the game with 6:31 gone in the second period. That was it until the overtime.

Hannum Leaves 76ers

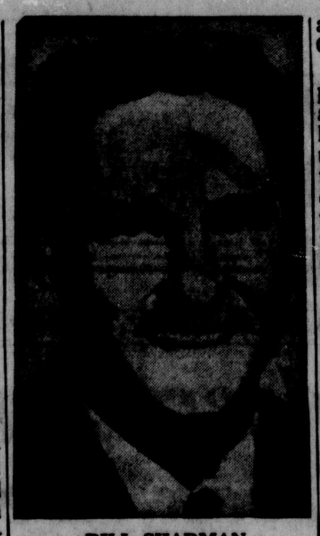
By HERSCHEL NISSENSON
Associated Press Sports Writer

Alex Hannum, who left his heart in Los Angeles and jobs in San Francisco and Philadelphia, may wind up back in San Francisco. And all because San Francisco's Bill Sharman beat him to Los Angeles.

That was the jumbled situation today as coaching confusion reigned in the National Basketball Association. Three teams were without coaches and their manhunts threatened to steal the spotlight from the Boston-Los Angeles championship playoff.

It was a lost weekend in the NBA after Hannum and Sharman, two of the league's most successful coaches, stepped down at Philadelphia and San Francisco, respectively. Hannum's plans are indefinite while Sharman signed a long-term contract to coach the Los Angeles Stars of the rival American Basketball Association.

The third opening is in Chicago, where the Bulls recently lost Coach Red Kerr to the NBA's new Phoenix expansion franchise. College Coaches Ray Meyer of DePaul and George Ireland of Chicago Loyola have turned down the job.



BILL SHARMAN
Signs With LA Stars.

Adding to the confusion was an announcement in San Francisco by Franklin Mieuli, owner of the warriors, that George Lee, who was Sharman's assistant, has the inside track for the job.

"If Hannum should join us, it would be understood that George would take over in one, two or three years—whenever he's ready," Mieuli said.

Mieuli said he hoped to announce by Wednesday whether Hannum will return to the team he abandoned two years ago as a loser for two pennant-winning seasons in Philadelphia, including one NBA crown.

Sharman returns to the city where he, like Hannum, starred at the University of Southern California.

His deal with the Stars, who played this initial ABA season as the Anaheim Amigos, gives him the opportunity to purchase up to a 10 per cent interest in the club. His lawyer said his coaching contract was for more than five years and for more than the $40,000 he was paid in San Francisco.

Celts, Lakers Meet Tonight In Boston

BOSTON (AP) — The showdown between the Boston Celtics and the Los Angeles Lakers for the National Basketball Association championship becomes a best-of-3 affair tonight at Boston Garden.

With the best-of-7 series tied 2-2, the Celtics rule a slim favorite to rebound from a 118-105 defeat at Los Angeles and move to within a single victory of regaining the NBA crown they surrendered to Phipadelphia last spring after an eight-year reign.

The fourth game loss was a bitter disappointment for the Celtics, who had hoped to sweep the pair of meetings in Los Angeles and then close out the series tonight.

After tonight's game, the two teams will play in Los Angeles Thursday. A seventh game, if necessary, will be contested at Boston Garden Sunday afternoon.

Laker Jerry West twisted his left ankle in the final minute Sunday, but said later the injury doesnt bother him and he'll be ready for action tonight.

Calumet After 8th Derby Win

LOUISVILLE, Ky. (AP) — Trainers Lou Cavalaris and Bill Stevens are looking ahead, while Culumet Farm is hoping to recapture the past.

What all three want is a victory in the Kentucky Derby Saturday.

Cavalaris will be looking for his first Derby victory with Peter Fuller's Dancer's Image and Stevens will be trying for his first with Cain Hoy Stable's Captain's Gig.

Calumet, the owner of the most Derby winners, is pinning its hopes for a return to glory on Forward Pass. The silks of Calumet, now owned by Mrs. Gene Markey, last appeared in the Churchill Downs winner's circle in 1958 when Tim Tam carried them there for the seventh time.

Forward Pass is trained by Henry Forrest, who saddled 1966 winner Kauai King for Mike Ford.

The three colts rate as the early favorites for the 94th running of the Derby which will be nationally televised and broadcast by CBS. Post time is about 4:30 p.m., EDT.

The list of probables was cut to 16 Monday when trainer Stanley Rieser withdrew Clifford Lussky's Blarney Kiss from any further consideration for the 1¼-mile Derby.

Owner Mary Keim said the horse suffered an eye injury when he banged his head against a fence in the stable area.

Four others were entered in today's one-mile Derby trial stakes—Te Vega, Proper Proof, Jig Time and Verbatim. It's highly doubtful that all will go in the Derby.

Steelers Sign 2 Draft Picks

PITTSBURGH — The Steelers today announced the signing of two draft picks—Doug Dalton, a back from New Mexico State and Bill Glennon, a tackle from the University of Washington.

Both players were selected on the seventh round of the players' selections this year. Dalton was picked on the Steelers' regular round and Glennon was a choice which Los Angeles had traded to Pittsburgh for halfback Willie Daniel.

Dalton, a six-one, 210-pound back, gained over 100 yards per game in the final five games last season. His coach, Warren Woodson, believes Dalton now is just reaching his potential and could be a real "surprise" to the pros.

Woodson said he is tough and has great balance and seldom was injured. He carried the ball 177 times for 1,123 yards and a 6.1 per carry average. His home is in Wolland, Tennessee.

Glennon, a native of Billings, Montana, was a top tackle for the University of Washington. He, according to scout Jerry Neri, has the proper attitude to become a pro player. He is six-feet-three and weighs 235 pounds and is just 22 years old.

The Steelers now have five draft choices signed for the coming season. Earlier, Ken Hebert, a punter and fine offensive end for the University of Houston, Danny Holman, one of the leading collegiate quarterbacks from San Jose State and John Knight, a defensive end from Weber College, signed contracts.

Hannum Leaves 76ers

By HERSCHEL NISSENSON
Associated Press Sports Writer

Alex Hannum, who left his heart in Los Angeles and jobs in San Francisco and Philadelphia, may wind up back in San Francisco. And all because San Francisco's Bill Sharman beat him to Los Angeles.

That was the jumbled situation today as coaching confusion reigned in the National Basketball Association. Three teams were without coaches and their manhunts threatened to steal the spotlight from the Boston-Los Angeles championship playoff.

It was a lost weekend in the NBA after Hannum and Sharman, two of the league's most successful coaches, stepped down at Philadelphia and San Francisco, respectively. Hannum's plans are indefinite while Sharman signed a long-term contract to coach the Los Angeles Stars of the rival American Basketball Association.

The third opening is in Chicago, where the Bulls recently lost Coach Red Kerr to the NBA's new Phoenix expansion franchise. College Coaches Ray Meyer of DePaul and George Ireland of Chicago Loyola have turned down the job.

BILL SHARMAN
Signs With LA Stars.

Adding to the confusion was an announcement in San Francisco by Franklin Mieuli, owner of the warriors, that George Lee, who was Sharman's assistant, has the inside track for the job.

"If Hannum should join us, it would be understood that George would take over in one, two or three years—whenever he's ready," Mieuli said.

Mieuli said he hoped to announce by Wednesday whether Hannum will return to the team he abandoned two years ago as a loser for two pennant-winning seasons in Philadelphia, including one NBA crown.

Sharman returns to the city where he, like Hannum, starred at the University of Southern California.

His deal with the Stars, who played this initial ABA season as the Anaheim Amigos, gives him the opportunity to purchase up to a 10 per cent interest in the club. His lawyer said his coaching contract was for more than five years and for more than the $40,000 he was paid in San Francisco.

Celts, Lakers Meet Tonight In Boston

BOSTON (AP) — The showdown between the Boston Celtics and the Los Angeles Lakers for the National Basketball Association championship becomes a best-of-3 affair tonight at Boston Garden.

With the best-of-7 series tied 2-2, the Celtics rule a slim favorite to rebound from a 118-105 defeat at Los Angeles and move to within a single victory of regaining the NBA crown they surrendered to Phipadelphia last spring after an eight-year reign.

The fourth game loss was a bitter disappointment for the Celtics, who had hoped to sweep the pair of meetings in Los Angeles and then close out the series tonight.

After tonight's game, the two teams will play in Los Angeles Thursday. A seventh game, if necessary, will be contested at Boston Garden Sunday afternoon.

Laker Jerry West twisted his left ankle in the final minute Sunday, but said later the injury doesnt bother him and he'll be ready for action tonight.

Calumet After 8th Derby Win

LOUISVILLE, Ky. (AP) — Trainers Lou Cavalaris and Bill Stevens are looking ahead, while Culumet Farm is hoping to recapture the past.

What all three want is a victory in the Kentucky Derby Saturday.

Cavalaris will be looking for his first Derby victory with Peter Fuller's Dancer's Image and Stevens will be trying for his first with Cain Hoy Stable's Captain's Gig.

Calumet, the owner of the most Derby winners, is pinning its hopes for a return to glory on Forward Pass. The silks of Calumet, now owned by Mrs. Gene Markey, last appeared in the Churchill Downs winner's circle in 1958 when Tim Tam carried them there for the seventh time.

Forward Pass is trained by Henry Forrest, who saddled 1966 winner Kauai King for Mike Ford.

The three colts rate as the early favorites for the 94th running of the Derby which will be nationally televised and broadcast by CBS. Post time is about 4:30 p.m., EDT.

The list of probables was cut to 16 Monday when trainer Stanley Rieser withdrew Clifford Lussky's Blarney Kiss from any further consideration for the 1¼-mile Derby.

Owner Mary Keim said the horse suffered an eye injury when he banged his head against a fence in the stable area.

Four others were entered in today's one-mile Derby trial stakes—Te Vega, Proper Proof, Jig Time and Verbatim. It's highly doubtful that all will go in the Derby.

Steelers Sign 2 Draft Picks

PITTSBURGH — The Steelers today announced the signing of two draft picks—Doug Dalton, a back from New Mexico State and Bill Glennon, a tackle from the University of Washington.

Both players were selected on the seventh round of the players' selections this year. Dalton was picked on the Steelers' regular round and Glennon was a choice which Los Angeles had traded to Pittsburgh for halfback Willie Daniel.

Dalton, a six-one, 210-pound back, gained over 100 yards per game in the final five games last season. His coach, Warren Woodson, believes Dalton now is just reaching his potential and could be a real "surprise" to the pros.

Woodson said he is tough and has great balance and seldom was injured. He carried the ball 177 times for 1,123 yards and a 6.1 per carry average. His home is in Wolland, Tennessee.

Glennon, a native of Billings, Montana, was a top tackle for the University of Washington. He, according to scout Jerry Neri, has the proper attitude to become a pro player. He is six-feet-three and weighs 235 pounds and is just 22 years old.

The Steelers now have five draft choices signed for the coming season. Earlier, Ken Hebert, a punter and fine offensive end for the University of Houston, Danny Holman, one of the leading collegiate quarterbacks from San Jose State and John Knight, a defensive end from Weber College, signed contracts.

Junior Editors Quiz on FRESH WATER

★ ★ ★

ANSWER: This is a good question. We can't drink sea water because the salts in it would drain water from our blood and body cells — and we'd soon be thirstier than ever. But there is a way of taking these annoying salts out. King Neptune in our picture has the answer: distill ocean water. Joe and Shirley are demonstrating how the distilling process works. First, on Joe's side, sea water is boiled. It turns to steam, which rises, leaving salts behind. The hot steam is cooled off by going through a jacket containing cold water. This causes the steam to condense into water again (Shirley's side) but this time it's fresh, drinkable water. Why don't we distill ocean water into fresh, then? We do, to a degree. Some ships use such a process, and some modern life rafts have distilling apparatus in which the heat is provided by concentrated sunlight. The catch about distilling sea water is the large amount of heat necessary for the process. Scientists are at work on the problem. By using atomic energy we may, some day, have an endless supply of fine drinking water from the sea.

Today In History

By The Associated Press

Today is Tuesday, April 30, the 121st day of 1968. There are 245 days left in the year.

Today's highlight in history:

On this date in 1789, George Washington was inaugurated as the first American president. He was sworn in on the balcony of Federal Hall in New York.

On this date:

In 1798, the U. S. Navy Department was created by an act of Congress.

In 1803, the Louisiana Purchase was made from France. The United States more than doubled its size.

In 1812, Louisiana was admitted into the Union as the 18th state.

In 1900, railroad engineer Casey Jones was killed in a train wreck at Vaughan, Miss.

In 1939, President Franklin D. Roosevelt opened the New York World's Fair.

In 1945, during World War II, the Soveit flag was raised over the ruins of the Reichstag in Berlin.

Ten years ago — President Dwight D. Eisenhower said new figures on employment showed a decline in the economy was flattening out.

Five years ago —— In 1963, New Hampshire became the first state since 1894 to authorize a state-run lottery.

One year ago — Twelve persons were killed by tornadoes in southern Minnesota.

The reason that starch stiffens clothing is that, when mixed with water, it forms a sort of "gravy," and when the water evaporates the starch is left behind. Thus, when clothing is dipped into a starch solution, the starch forms a sort of stiff layer in and on the fabric.
